WHAT FIFTY SAID

When I was young my teachers
were the old.
I gave up fire for form till I was
cold.
I suffered like a metal being cast.
I went to school to age to learn
the past.
Now I am old my teachers are the
young.
What can't be molded must be
cracked and sprung.
I strain at lessons fit to start a
suture.
I go to school to youth to learn the
future.

ALTON, ILLINOIS 62002**

ALTON

Alton has many admirable characteristics. The River Road is one great characteristic and main attraction of Alton. People come from miles away to enjoy the beauty of the river and bluffs through all the seasons.

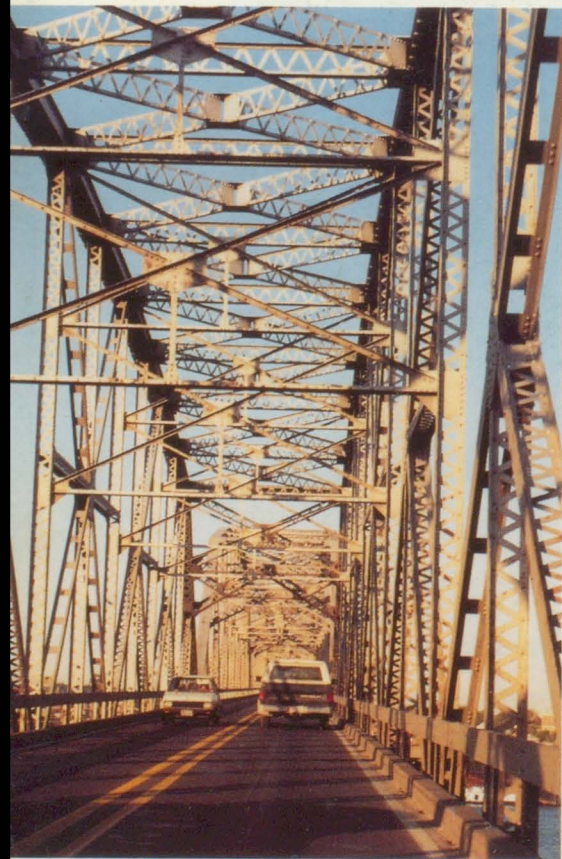

For some tourists, the Clark Bridge is the gateway to Alton. There are plans to replace it in the next few years by a newly designed and modernized bridge.

Passing through downtown to reach the River Road, people can enjoy the many antique shops, night spots, and fine restaurants.

Another fine characteristic of Alton is its admirable architectural structures. Many of the area's Victorian homes are being renovated to preserve the history of the community.

On the whole, Alton provides the community and tourists with an abundance of attractions. The River Road, downtown, and fascinating homes and buildings are just three admirable characteristics of Alton. However, uptown can not be left out, considering that it is the center of our activities. WHY? AHS!

at what
we do

Active. This is the word that best describes students at Alton High School.

First, there are the athletes. Both males and females are involved in sports from football to volleyball. The coaches and athletes work together to produce teams which reach their potentials in the best possible ways.

Next, we have the music groups. There cannot be a music department with just one person. Our students have joined together to make our groups some of the largest and best around- The Marching 100 is a good example. And if that is not enough, there are the Jazz Band, the Orchestra, and several choruses.

Furthermore, a variety of clubs are available so everyone can participate. They range from religious to vocational. Everybody wants to be a part of something. To feel important, and to be in a club is one way to achieve this.

But, this still does not conclude the list of activities at Alton High. Many students are active in off-campus functions, such as fundraising, decorating for the prom, and participating in community volunteer work.

However, the most important thing we are active in is school itself. Studying hard, attending classes, and striving for good grades are the most important things in our high school years. School prepares us for the future and for what we make of ourselves.

Everlasting Friendships

We are a student body filled with many groups, friends, and organizations. We are a body running toward the future, striving for academic excellence, and gaining everlasting friendship along the way. Whether we are at a game or just hanging out at our favorite social spot, we all have one thing in common. We are all a part of Alton High, where friendships and memories never cease.

A CONTAGIOUS DISEASE

As the Seniors dove into the pit on Aug. 30 they found it impossible to escape the dreaded disease; Senioritis. They found themselves living for weekends and parties. After Christmas vacation the disease intensified. Seniors found it almost impossible to go through their daily routine. Around spring break the disease moved into full swing. Seniors forgot the whole idea of paying attention, homework, and studying. In the last weeks of school many Seniors were literally losing control. They were unable to function as students anymore. Not to worry though, a cure was found. Graduation!

WHAT THE FUTURE HOLDS

As the graduating class of 89' prepares to face 'real life', many of us are faced with the question, "What are we supposed to do with our lives?" Whether we decide to go to college, get a job, or go into the military, we are expected to make decisions at age 17 or 18 that will dictate what we do with much of our lives. Many of us are completely undecided on what we want to do in the future. Most of us just want to take it easy after completing twelve years of school. Nevertheless, we will all go our separate ways. Graduates from the Alton High class of 89' will probably end up doing everything from fighting fires to running for political office. We'll have to wait for the results until our class reunions./Shelly Mathews

Quite often becoming a Senior brings about a new sense of freedom in the form of "road trips". Many times it surfaces in the form of a college visit, a weekend vacation, or even a one night drive through St. Louis. Even though parents may be uneasy at first, "But mom I'm a Senior. I'll be out of school next year", often sways the parents thinking a little bit. Actually road trips can serve a good purpose. They allow students to blow off steam, see the world outside of Alton, and these experiences can even help structure future goals. Obviously they are also a lot of fun and full of excitement every minute. Perhaps, for students, the best part of a road trip is that there are no adults.

Dream Or No Dream

What I've learned emotionally and mentally in high school will constitute what the future will bring. These are the fun, formative years, but they won't end here. I don't think one life contains enough time to do all the things I want to do: hitch-hike across Africa, motorcycle across Europe, visit famous and not so famous places, find out how long I can survive in a forest without provisions, become a biologist to help save the environment, live on a homestead, and many, many other adventures. Whether my goals are realistic or not, I plan to achieve as many as possible. Good luck to you and your dreams! / Sue Kayser

Pitball

When you interject Alton High into casual conversation, talk immediately turns to academic excellence, a disciplined student body, and . . . pitball. Pitball. The word conjures up visions of Greek Gods with bronze bodies glistening in the sun. Cars with the imprint of student bodies on their hoods. Raw knuckles. Broken fingers. Good, clean fun. Here you may find players from every walk of life. If you're good you receive praise and credit. If not, well then, you're a 'scrub'. It is a tough game, but there is no feeling quite like the one you receive as you flip over a car to retrieve a slam. A good game of pitball, win or lose, is a rewarding experience to veteran players./Scott Hall

WHERE WE GO

Below: Rodney Raglin and Sylvonne Warr at the 1987-88 Prom.

After four years of going out every weekend, it is a challenge for most Seniors to find something new to do on the weekends. Of course a good party is always fun, but most weekends are spent at high school sporting events or weekend get togethers, which can get boring. Sometimes school dances break-up the monotony of weekend activities. A lot of the time, weekend evenings are spent driving around. You can usually find someone at Hardees, McDonalds, the various spots on the River Road area, or even driving past you on the road. No matter what the class of '89 does, it makes it's own fun wherever it goes.

Food For Thought

It's the hour before your lunch. Your stomach grows. You check your pockets to see how much money you'll have to mooch off of your friends - ALOT!!!

Next comes the big decision - WHERE TO EAT. If you have a car, and can drive (legally), your choices are unlimited (practically). But if your depending on fair weather - meaning anything but floods - and your feet for transportation, your options are restricted to either the new, improved cafeteria or one of the many uptown places to go including Boyd's, Jack in the Box, Kerr's, Hong Kong House, DQ, "the wall" - a favorite gathering spot for the young skippers of Alton High, Mr. Donut, Dubbles, Super X Drugstore, Schwegel's, and the recently opened Hardee's.

Then if you were lucky enough to be born before 1973 (and to become a junior/senior this year), you can enjoy a fun - filled hour lunch. But for those of you other underclassmen who were NOT born early enough (or maybe just not a junior this year), you get to sit through a beneficial study hall.

Of course there's always the problem of having to get back to the pit in time to find a parking space rather quickly without running over one of the pit ball jocks, or having to dash back to class from uptown when the walk seemed ten times colder/hotter and longer than when you walked up there.

But despite all of the problems our lunches create, things could be worse. We could have a "closed campus". Then again things could be better - we could have recess!!/April Love Partridge and Laine D. Frizzo

Homecoming Activities 88

Something new was added to past years' Homecoming activities. For the first time a Bonfire was held, Thursday, October 6th on the softball field. Friday afternoon, the cheerleaders performed a dance routine to "Don't Go" by Yaz at a pep rally to boost school spirit. That evening we played our Homecoming game against Cahokia defeating them 33 to 20. The Homecoming activities ended with the Homecoming Dance on Saturday, October 8.

Hold on to the Night

The 1988 Homecoming Dance was held from 8 p.m. to 11 p.m. on the 8th of October in the cafeteria. This was the first year we used a Video Screen (provided by Disc Jockeys Inc.) instead of a live band.

The thought of being nominated for Homecoming Queen was such an honor; that at the time, I never imagined being the "Homecoming Queen". Being crowned meant so much more to me than just a popularity contest. It made me feel as though my accomplishments were appreciated by the student body. Being crowned "1988 Homecoming Queen" was a childhood dream come true. -Meg Davey

Back to School 88

Getting Back into the Groove

Apparently not too many students were excited about being back in school early in the fall of 1988. If they were, they sure didn't show it by going to the "Back to School" dance that was held on Saturday, September 24 from 8:00 pm.-11:00 pm. "The Trend" was the band. Band members Phillip McFarlane, Eric Hensely, Todd Keith, and Todd Salzman, all are students at Alton High.

Powder Puff 88

Juniors Strike Victory !!!

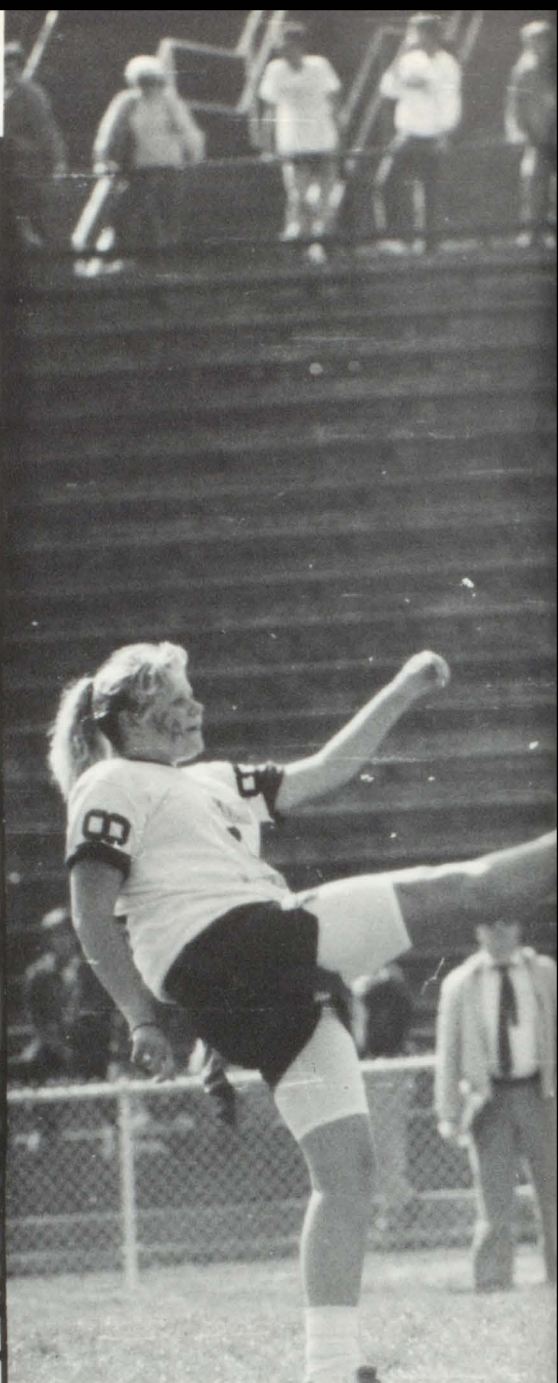

The Alton High School Junior and Senior girls met in their annual Columbus Day Powder Puff Football Game at Public School Stadium to raise money for student dances and activities.

The crowd of about 200 students and parents patiently waited to witness one of the few times in the 19 year history of the game, the upperclass coming out on the lower end of the score, 14-12 in overtime.

Senior, Carolyn Lenior intercepted a tipped pass and ran five yards for a touchdown. The Juniors scored a few minutes later when Clara Stewart ran eight yards to tie the score and forced overtime period.

In the overtime period, Stewart fluttered a touchdown pass to end Christy Bradford, who was standing alone in the endzone. Seconds later, Stewart scored a two-point conversion on a sweep. LaShawna Bailey wasted no time to score on the first play, narrowing the Junior lead to two points. "We're going to be bragging about this and rubbing it in all week-all year," said Junior quarterback Clara Stewart.

Accepting the MVP for the Juniors was Clara Stewart and for the Seniors was LaTasha LeFlore.

30 days of fitness

April, 1988 was fitness month at Alton High giving students the chance to shed a few pounds gained over the winter to make way for those new summer clothes.

Alton High was the only Illinois school participating in "30 Days of Fitness" among 33 other St. Louis area schools. It was sponsored by the National Council of Youth Leadership and Washington University in St. Louis.

The 30 day program was intended to show students leadership while involving fitness, nutrition, chemical-free bodies, and stressing self-esteem.

Ten juniors, currently seniors, organized the program. They were Meg Davey, Rhonda Scifers, Tracy Taylor, Felicia Smith, Kris Ealey, Drew Bilsbury, Vince Warlick, Maurice Manley, Eric Dancy, and Scott Snyder.

"The program was really designed for everyone," stated Meg, "We want students, staff members, and even school board members to come up and participate.

Special classes were planned in the middle of the week to accomodate the program.

Teacher, Mary Bowling said that she'd never seen so much excitement in health and P.E. since the program started. "Competition is only a small part. The real goal is to develop our students into better leaders," she said. Just for fun, teacher-student competitions were planned. There were no requirements for the participants, all they had to do was come.

Students taught the after school classes that lasted one hour and included aerobics, gymnastics, body conditioning, volleyball, and physical fitness. Several events took place such as a student-teacher softball game, a walk-run event, a cholesterol-blood pressure check and, of course, a pep rally to start things off.

The 30 Days of Fitness ended on the 30th of April with a rally in St. Louis at Union Station which featured demonstrations by all the schools involved. Trophies and awards were presented for outstanding programs.

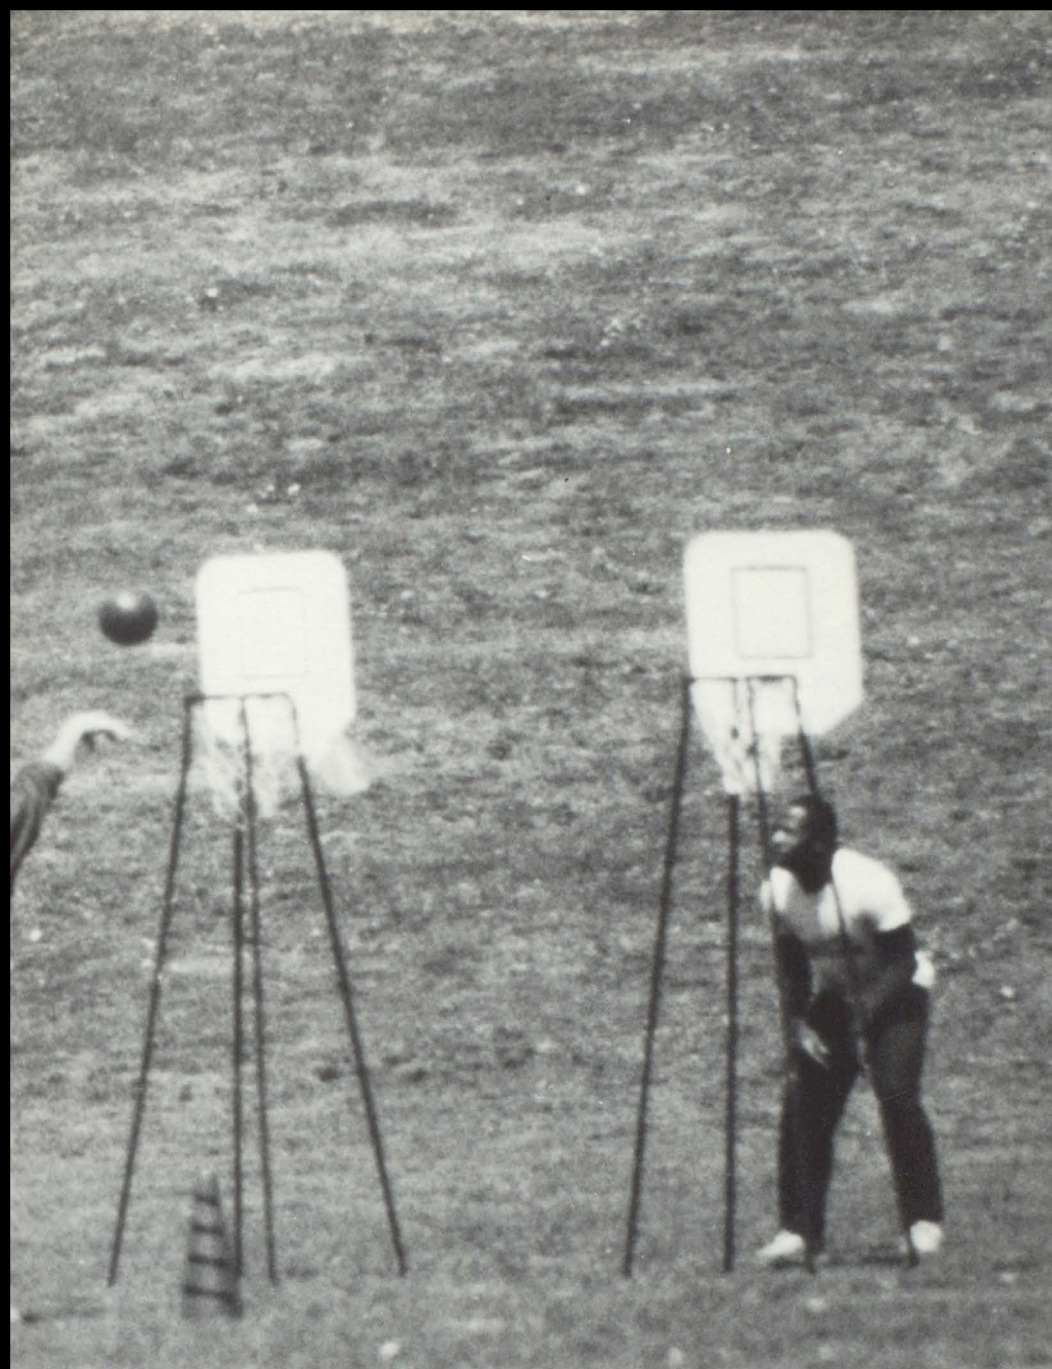

P.E. classes were then accomodated with a special curriculum for the remainder of the year, seeing as how everyone enjoyed the program.

Christmas Dance 88

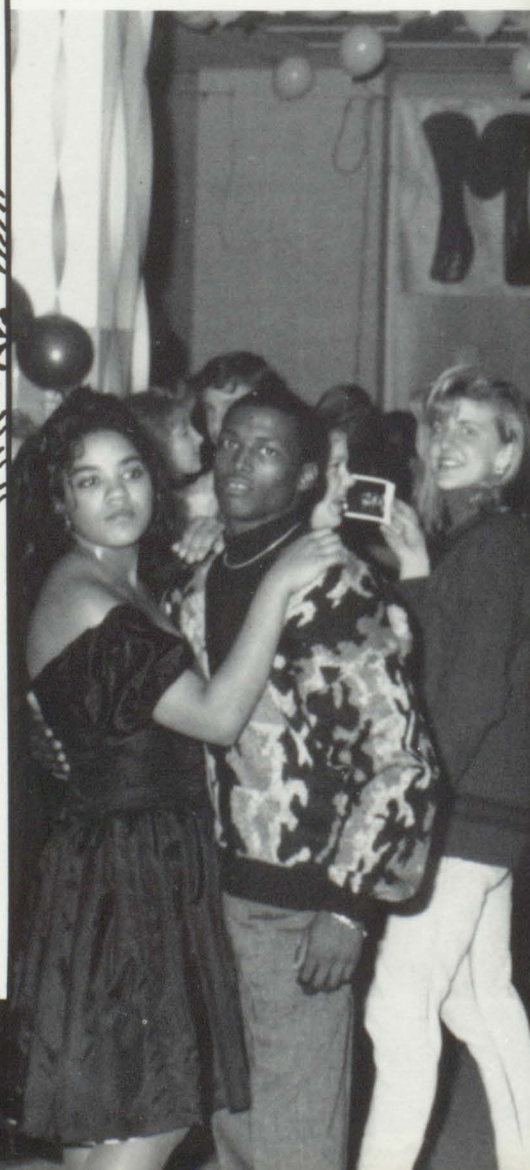

Silver Bells!!!

The 1988 Christmas Dance was held December 16, from 8:00 to 11:00 p.m. in the school cafeteria. With music provided by a video disc jockey, it was a special evening for everyone who attended. Snow Queen coronation was conducted at 10:00 p.m. giving Miss Heather Meyer a Merry Christmas to look forward to, not to mention the title of the "1988 Alton High School Snow Queen."

Black History 89

Activities !!!

February 3, 1989 was the Black History Month kickoff assembly, which was "To Be Young, Gifted and Black". The assembly was again performed on February 22 at West Middle School. The Black History Month was concluded on the 28th with an assembly in the Auditorium entitled, "I sing because I'm happy, I sing because I'm free". During the assembly the winners of the Black History Quiz were recognized as follows: 1st place was Angela Elliott, 2nd place was LaShawna Bailey and 3rd place was Yvonna Washington.

Beach Party 89

Where's the Beach?!?

It was a rumor that there was a beach in the Alton High School cafeteria. Well the rumor was half true, it was the annual Beach Party Dance. It was held on January 27, 1989. The Music was provided by D.J. Kyle Kennedy. The students came dressed traditionally in beach attire with sunglasses and leis. They were ready for a dip in the water and red hot summer fun in the winter.

Trike Race 88

Ride On!!!

The third annual Trike race was held on April 23, 1988 at Alton High School. Several area schools participated in this event to raise money for the Easter Seals Society. Some of the groups representing Alton High were the Student Activities Board, Student Senate, J.E.T.S., and Model U.N. The race consisted of teams with three members each that made twelve laps around a marked course. The laps could be divided among contestants in any way that they liked. A few rules everyone had to follow were that, first, the tricycle had to be provided by the team and it had to be 12" trike. The rider had to remain seated at all times and could not push with his/her feet. Of course, rough play and demolition-like behavior disqualified a team. We would like to commend the students that participated in this charity event last spring.

The Sadie Hawkins Dance has been a tradition at Alton High for many years. It started out as an informal dance where people showed up in blue jeans and straw hats to show the spirit of Sadie Hawkins. Now it is a formal dance very similar to Homecoming except the girls ask the guys to the dance. Last year's Sadie Hawkins was very well attended. The theme for the dance was "Tonight's the Night." The band was Cheap Date, and it was accompanied by the D.J. Dem Boys. The 1988 Mr. Irresistible was Jason Armstead escorted by Lori Schmoeller. The other Candidates were:

Dedicated Teachers And Administrators

Ardythe Browning

E. Dean Browning

Richard Farrow

Pete Leoni

Ralph McClain

Betty McClintock

This year the Alton School District lost nine outstanding teachers and administrators. These people contributed many dedicated years to the school district.

The individuals who retired were: Mrs. Ardythe Browning, Director of Food Services, after 37 years of service, Mr. E. Dean Browning retired as the Administration Assistant for Vocational Education with 37 years in the profession, Mr. Richard Farrow taught for 20 years in Auto Mechanics and Aviation, Mr. Pete Leoni was an American Government teacher, and had 19 years of service in the education field, Mr. Ralph McClain, who worked for 36 years, retired as an Assistant Principal, Mrs. Betty McClintock retired as a Practical Nursing teacher after 16 years of teaching, Mr. Richard Russell, an English teacher, taught for 24 years, Mrs. Lorraine Summers retired as a Social Studies teacher after 21 years of teaching, and Baseball Coach Wayne Tyler taught Driver's Education, retired after 29 years of service, and took teams to State in 1966, 1969 and 1972.

The 1988-89 Tatler Staff would like to thank these professionals for their years of dedicated service to the school district and to the students of the district.

FOREIGN EXCHANGE STUDENTS

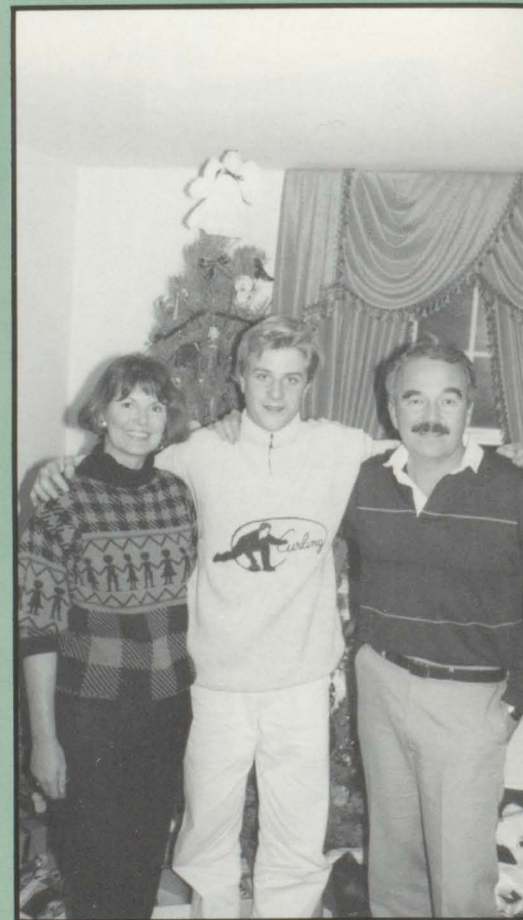

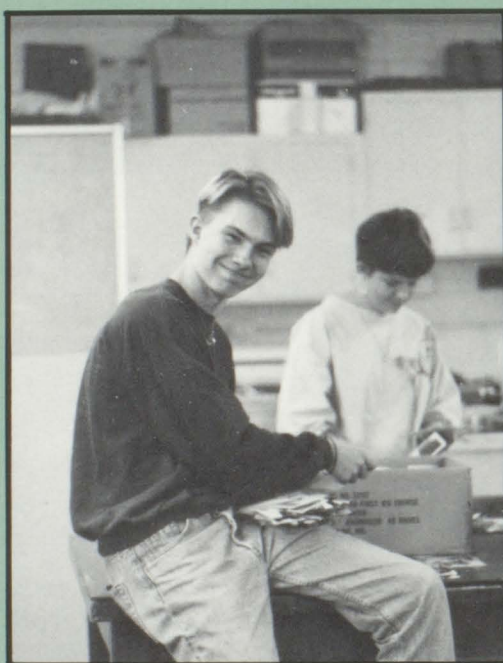

Hi, my name is Francesco Garzelli. I am an exchange student from Milana, Italy. I enjoy all kind of sports, especially swimming, soccer, skiing, and sailing. I am a member of my high school volleyball team. We are one of the best teams in all of Italy. At Alton High I belong to the soccer team. I also like gym and football. At my high school in Italy I am interested in music, drama and a member of student council. I like my scientific high school in Italy, it is much more difficult than Alton High. I am staying with the Lawrence family. I am happy here and I hope to be a good representative of my country. After I finish my high school in Italy I want to come back to the U.S.A. and study college degree in economics.

Francesco Garzelli

Topi Nurmi

Hello everybody!!! My name is Topi Nurmi and I come from Finland. Finland has about five million inhabitants. Finland is a very small and beautiful country with "The Real Nature". About 70% of the area is forest and we have about 200,000 lakes. My hometown is called Kajaani. There is about 37,000 people in this very important business town. I like to do all kinds of fun things, such as boating, waterskiing, camping, wind surfing, hunting, playing the guitar (poorly), going out with friends, discos, and so on . . . The Finnish high school is more difficult than high school here. I like school here because it is easier and the students have much school spirit. I enjoy being on the Tatler Staff. I also love the football and basketball games because of the spirit of AHS. I miss only a few things from Finland like the sauna, the nature, and real food. Bye Bye!!!!!!

(Left) Topi Nurmi smiles big for the camera as his new friends, Heather Hansen, Mark Ressler, and Aunthrae Gillespie surround him during lunch.

MAKE ALTON THEIR HOME

Kai Fiedler

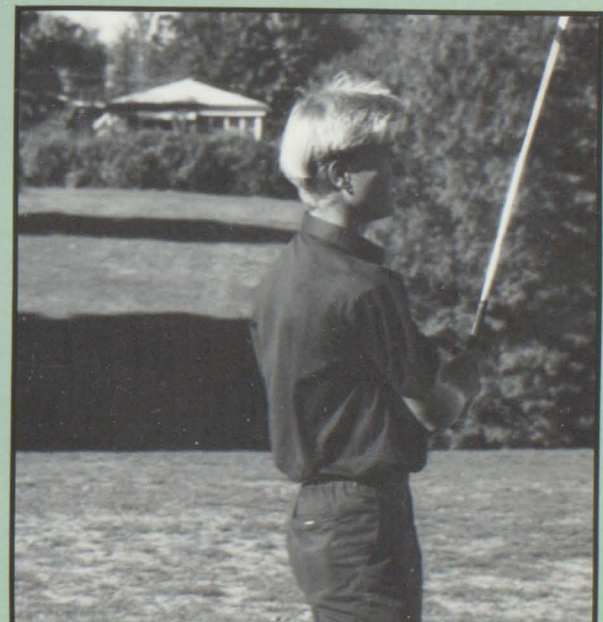

I am from West-Berlin, West-Germany. West-Berlin has about two million inhabitants and it is probably as large as the Alton and St. Louis area together. West-Berlin has a lot of historic sights and beautiful places to visit or go. We have one of the nicest zoos in the world. We have a lot of beautiful parks with old palaces, botanical gardens, and lakes. Also we have a very big mall, lots of shopping centers, big restaurants, McDonalds, Burger Kings, movie theaters, and so on My school in Germany has about 700 students and is probably as big as the Main building of Alton school. School life here is easier than in Germany, where we have to study very hard. By the way, what do I like here in Alton? Of course Alton High, all my very special friends, school spirit at the basketball games and a lot more.

Robert Real

Hello, my name is Robert Real. I am a Rotary exchange student from Bremen, West-Germany. I am staying with the Thomas family and I will move in with the Seymor family after Christmas, because of the way my exchange program works. Some of the things I enjoy are playing the piano and going out with friends. I am also glad to have played on the AHS Golf team. My school in Bremen has about half the number of students as Alton High. I like the school system here. It is much easier than in Germany. I like being at Alton High, because everybody is so nice and people offer their help. I appreciate that very much.

RIVERVIEWS

1988 - 1989

"Riverviews" is Alton High's annual literary magazine. It allows students to show their talents in art and writing. Students may submit any artwork, essays, short stories, or poetry that they have done themselves. Members of the staff spend much time and hard work after school reading, editing, and typing submitted materials.

Mrs. Barb Mondy is the sponsor of "Riverviews". The printing class at J.B. Johnson Center is the printer.

Sue Kayser and Terri Ash devote their spare time to help with the work.

Bowling

Bowling

Bowling

*S*coler bolers must have a general knowledge of: bowling (the 4-step technique), how to convert a 7-10 spare, the ancient art of pencil twirling, the whereabouts of all Bi-State convenience stores, hallway transportation, the Mardi Gras celebration, the art of contraband smuggling, the works of Longfellow and Dickens (especially the works they **didn't** write), and an extreme familiarity with Belstar, the Western gunslinger, in addition to the basics such as, differential Calculus, Cabinetmaking, Advanced Sciences, especially those dealing with the points of detail in the technical and physical aspects, plus the asexual means of reproduction in various gymnosperms and angiosperms.

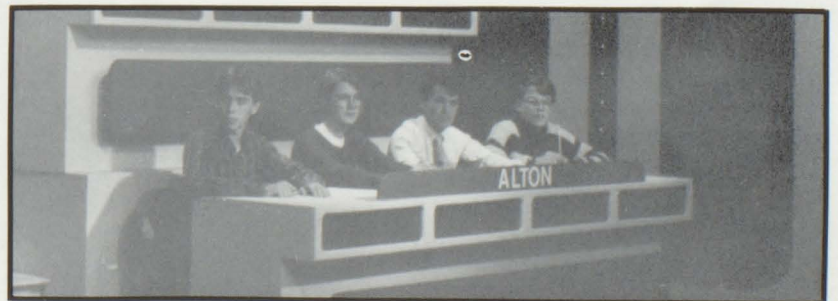

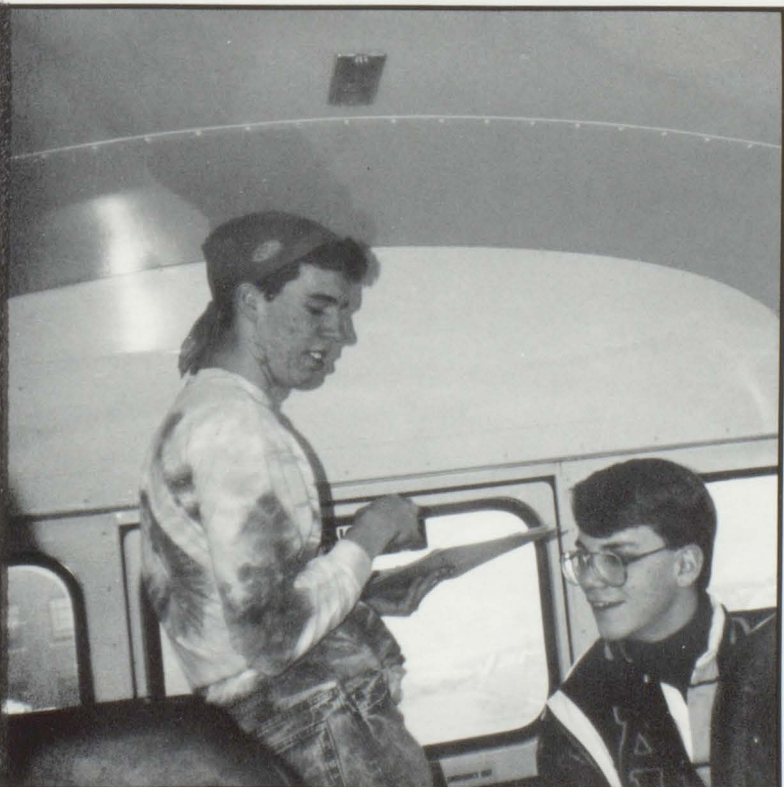

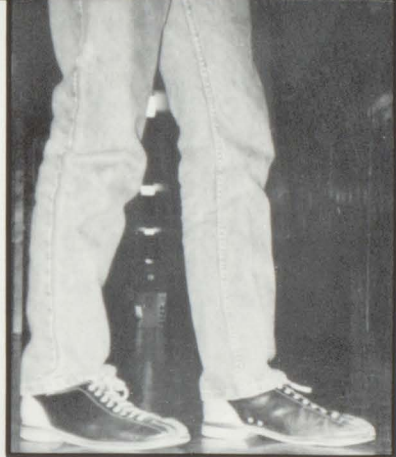

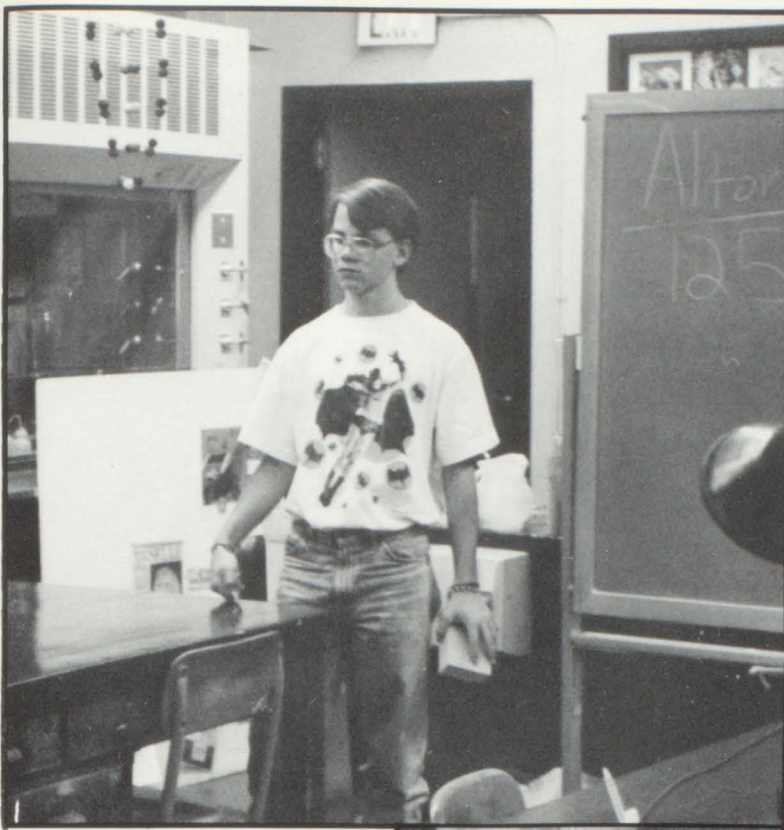

The Official Uniform for Scoler Bole Team Members is strict and enforced. It consists of one or more of the following: bowling shoes, used and "borrowed", tie dye, the gaudier the better, bandannas, only to worn around the head, Batman shirts (if available), funny pants, but **absolutely** no black and white.

The Official Scoler Bole Theme Songs are "We Don't Need No Education" and "Take The Scholars Bowling". Both chosen because of their close relationship to that favorite pastime, the **Sport of the Minds.**

The Varsity Scoler Bole Teme consists of Captain Scott Hicks, Jennifer Sherwood, Paul Gitchoff, Steve Norris, Jimmy (Slim)

Lavelle, and Christina Kidwell. The Junior Varsity Scoler Bole Teme is made up of Captain Jason Hart, Buffy Osborne, Wayne Weber, Ann Montague, and Allison Harper. The Freshmen Scoler Bole Teme consists of Captain Andrea Ursprung, Derek Roach, Kristin Preece, Dana Hansen, Catherine Wood, and Seth Phillips. Mrs. Barb Mondy is the coach/sponsor, along with help from husband Marv.

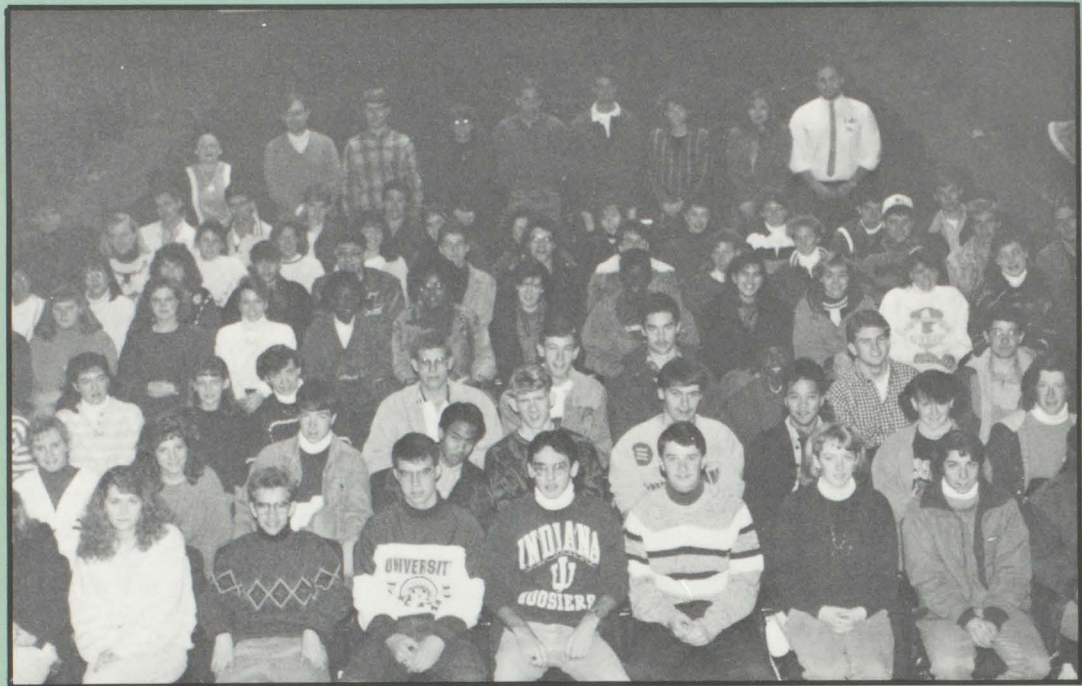

This year the highlight of the Varsity Scoler Bole Teme's season was their win on television over Joppa in Carbondale. Sherwood amazed the studio audience with her knowledge of Fine Arts while Steve was forced to wear checked pants with a striped sweater (haute couture?) that belonged to Slim because of the lighting problem caused by the black and white ensemble. The J.V. Teme placed fourth at the Junior Varsity Invitational at St. Elmo Community High School with Slim earning fourth place for most questions answered. The Freshman Scoler Bole Teme won a second place trophy at the Freshman Invitational which is sponsored annually at Breese Community High School. There Captain Andrea received a sixth place award for individual answers, while Kristin and Derek were also top scorers./Scholar Bowl Team

J.E.T.S. (Junior Engineering Technical Society) is the largest club on campus. Nearly every year the membership exceeds 100 members. A majority of them are students who wish to pursue a career in the engineering or science field. J.E.T.S. gives its members a basic look at engineering and at how the concepts of physics are applied. Projects that members participate in include the Egg Drop, Toothpick Bridge, Balsa Wood Glider, Tennis Ball Shoot, plus other team competitions which are sponsored by the Olin Corporation.

In the spring, members take two field trips. The first is to the Olin Corporation and is only open to those 18 years old and older. The second is to another location that also deals with engineering for all qualified members.

J.E.T.S. meets on the first and third Thursday of every month both before and after school according to the rotation schedule.

This years officers are Lance Johnson, President, Andrew Bilsbury, Vice-President, Christina Kidwell, Secretary, and Jim Tchoukaleff, Treasurer. The faculty advisers are Mr. Joe Clugsten and Mrs. Nancy Meggos. The Olin Personnel are Toni Brown, Robert Klunk and Linda Bloomfield. / Christina Kidwell

The Science Department at Alton High is continually adapting its curriculum to fit the needs of its students. This year students have had the opportunity to participate in a wide variety of courses ranging from Field Biology to Advanced Physics.

Two of the more popular clubs on campus are J.E.T.S. and Biology Club. Biology Club members consist of students ranging from ninth to twelfth graders. J.E.T.S. members are students who have a desire to learn the basic concepts of engineering.

Science students have many opportunities made available to them for field trips, special assemblies, and science fairs. The goal of the science department is to provide students with the necessary skills to think clearly objectively, and to be productive members of society.

“... That vast book which stands forever open before our eyes, I mean the Universe cannot be read until we have learnt the language without which it is humanly impossible to comprehend a single word.”

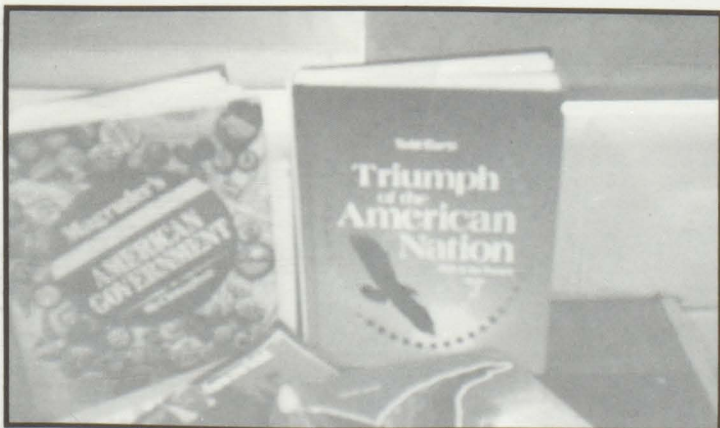

What Italian Physicist and Astronomer, Galileo (1564-1642), penned in the sixteenth century is as true today as then. The challenge of teaching the mathematical language is met by offering thirteen courses ranging from Math Lab to Calculus.

School year 1988-89 was a good year for the math department. A new course, **Numerical Analysis**, which utilizes the technology of the computer to solve math problems was introduced, and Annex room 545 was equipped with a classroom set of Apple IIe computers, in which the math department had first priority for their use. /H. SOCIAL STUDIES: **Don't Leave School Without It!**

The Social Studies program prepares students to become informed, knowledgeable, productive, and responsible citizens in our everchanging society. Students are provided with background information and significant experiences in the disciplines of history, geography, economics, government, and other social sciences. The study of people, places, and events, along with historical themes, enable students to grasp a better understanding of the forces that have shaped our American democracy and its place in world society.

Next year, International Politics Honors will be implemented into the Social Studies curriculum to encourage students to become more aware of international problems and concerns. /R. Sims

THE ENGLISH LANGUAGE TODAY IS . . .

- A 1500 year-old global phenomenon
 - Used by nearly one billion people worldwide
 - The language with the largest vocabulary in the world (about 500,000 words not counting a half million scientific and technical terms)
 - The language of more than half the world's 10,000 newspapers
 - The medium for 80 % of the information stored in the world's computers
 - Used in 75 % of the world's letters, telexes, and telegrams
 - The official language of air traffic control in 157 countries
 - More influential than any language the world has ever known
 - The language the Alton High English Department faculty is proud to teach

The Foreign Language Department of Alton High School offers courses in French, German, Latin, and Spanish. A student is able to take courses in these languages for all four years of high school. About one fourth of the students at Alton High are enrolled in a foreign language class.

There is a club related to each language. They further study the culture and the life of the people who speak the language they are studying. Every year German students visit Alton High for three weeks, and German students go to Germany for three weeks. It is a great chance for the students to visit other countries and they have lots of fun. Other languages have trips periodically.

During March, the students and their parents are invited to the annual Foreign Language Banquet. The students bring dishes that represent their country. / J. Bagley

*T*he Speech and Theatre Department is devoted to the development of two important aspects of education: Skills in communication and an appreciation of the enduring art of the theatre.

All sophomores are required to take a one semester course in interpersonal communication. Some of these skills can be developed further in the elective Public Speaking or Discussion and Debate courses. Communication through the media is examined in Mass Media.

The theatre is the focus of the remaining elective courses. Theatre appreciation is the goal of two separate courses called Theatre A and

Theatre B. Technical theatre is studied in Stagecraft. Theatre Dance is a practical course in dance and choreography for the stage.

In addition to offering this varied curriculum, the Speech and Theatre Department also sponsors the production of extra curricular plays and musicals. Each year three fully staged plays are offered to the public, and each spring the department cooperates with the Music Department to produce an all-school musical. Although casts are chosen from the student body in open auditions, the Speech and Theatre Department assumes the responsibility for selecting, directing, and staging the shows. C. Davenport

*T*he Alton High School Special Education Department provides individualized instruction in the high school setting. Students in Special Education are individually tested and placed in a program suited to the needs of each individual. Some students have a full schedule of Special Education classes, while others have three or fewer Special Education classes a semester. Special Education students are awarded an Alton High School diploma after fulfilling the required coursework, and earning 18½ credits. Special Education students prepare for higher academic education, occupational education or training, and for employment immediately after graduation.

For Special Education students who

choose to seek employment after high school graduation, the department has a work-study program, STEP, through the Department of Rehabilitation Services. STEP students have participated in work-training at Famous Barr, Budget Printing, Schnucks, Church's Chicken, Donut King, Alton Memorial Hospital, Mr. Donut and the Alton School District.

The Alton High School Special Educational Department works cooperatively with the students, parents, education and training institutions, social service agencies and the business community to provide the support necessary for each Special Education graduate to have the opportunity to pursue success in his adult life. /P. The Business Education Department offers twenty-two courses to the students at Alton High School. Students may take these courses for personal use or for career preparation. They may participate in two work-study programs, Distributive Education and Office Education. The students attend school in the morning and work in the afternoon at one of the area businesses.

The students may participate in three vocational student organizations, Business Professionals of America, Distributive Education Clubs of America, and Future Business Leaders of America. Members of these student organizations have opportunity to learn about business careers and activities and to develop leadership skills.

Robert Middleton Ph.D
Principal
J.B. Johnson Career Center

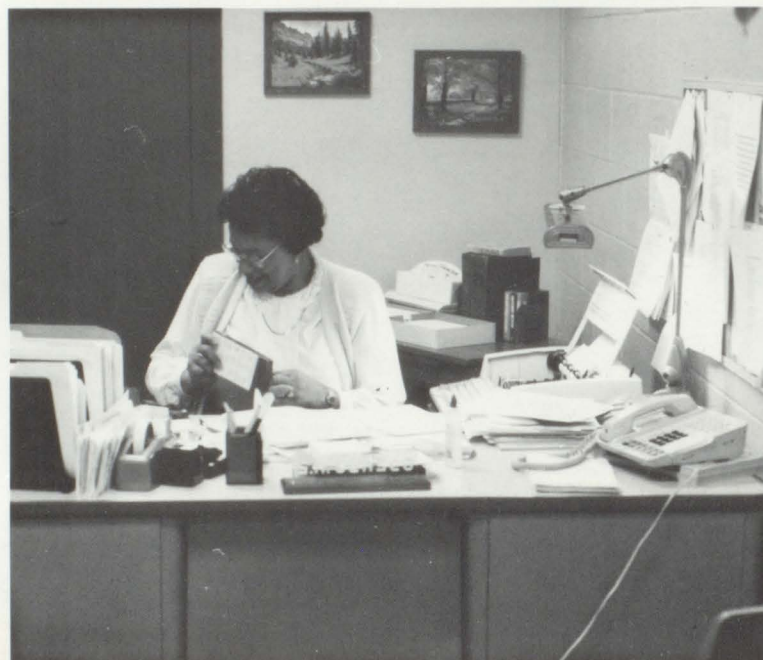

The tradition of Vocational Education continues at Alton High School and the J. B. Johnson Center in the school year, 1988-1989. Vocational Education continues the tradition of integrating the knowledge and skills learned in the academic areas of science, mathematics, communications, the arts, and social studies. The skills and attitudes learned in these classes are necessary for employment in home economics, trades, and industries.

The laboratories and shops provide an environment closely found in the world of employment. Emphasis is placed on student behavior that is necessary to acquire and retain employment. These behavioral qualities include reliability, honesty, and loyalty.

Each year one evening in January is set aside for an Open House at the J. B. Johnson Career Development Center to show the facilities and opportunities for young students.

A project, Fair and Skills Competition, was started last year and is to be an annual event. The competition is open to all students in grades 7-12, from area schools. Judges are selected from individuals in the community. The project, Fair and Skills, Competition is scheduled for May 11, 1989 at the J. B. Johnson Center.

MARCHING 100

Grand Champions

The Marching '100' holds a band camp every summer for two weeks in August. They are forced to rehearse in the excruciating heat from the early morning to the end of the working day. The show they spent all summer practicing could be seen at the Alton High football games and at numerous competitions.

On August 12th and 13th, the members volunteered their time to hold the Annual Button Day. Besides raising money for various trips, this year's Button Day also featured Alex Kanturek playing his tenor sax at Schwegel's while people tossed money into his case.

Last year the Marching '100' had the honor of performing in the Indianapolis 500 Festival and Parade. Also this year they brought back fourteen trophies from four competitions, including Grand Champion from the Metro-East Competition in O'Fallon, Illinois.

Congratulations to directors Mr. Drillinger and Mr. Banks, and to the Marching '100'! Allison Harper

BAND OF THE YEAR

This year Alton High's Symphonic Band was the first band in Illinois to be named Bi-State Band of the Year. Judging, based on tapes of performances from the past year, was done by band leaders from SIUE and Washington University in St. Louis. David Drillinger, director of the Alton band, says, "This is really something special for the kids." The Alton Symphonic Band was selected over ten other bands from both Illinois and Missouri. The band performed in a concert on February 3, 1989 in the Meridian Ballroom in the University Center of SIUE. Congratulations to the Symphonic Band!!! / Laine D. Frizzo

This year was the third year for the Alton High choral group, Singsations. Mrs. Jean Conrady, director of Singsations, started off a great 1988 - 1989 year with their first performance at the Lovejoy Festival, held annually.

Mrs. Conrady states, "The kids are super to work with! They're very responsive." There are approximately fifty-nine students currently involved in Singsations.

The group meets every week on Monday nights to practice for their upcoming performances. Mrs. Conrady tells us that future plans for the group include going to contest and learning how to sight-read better.

GENERAL CHORUS

Alton High's General Chorus is composed of those students who wish to sign up for a Fine Arts Credit. It is a class that meets every day during school hours. Students who are only in General Chorus hold two performances each year; although, some of the members of the General Chorus participate in other choral groups. The two annual concerts include the Christmas Concert and the Choral Awards Concert in the spring, both of which are held in Alton High School's Auditorium.

SYMPHONIC ORCHESTRA

SYMPHONIC ORCHESTRA

For members of the Symphonic Orchestra (who were also members of Scintillating Strings), the 1988-1989 school year was busy from the start. In September the "Strings" rehearsed rigorously after school every Wednesday for their performance at the "Those Who Excel" Banquet in Springfield on the 30th. But that was just the start. The Scintillating Strings performed several other times, for such occasions as the "Business After Hours" at Mercantile Bank and at Lockhaven for the Home Federal Savings Christmas party.

The Symphonic Orchestra had many concerts, also. Their performances started in November. The second performance was a mostly Mozart concert in February that featured three soloists - flutist, Cindy Wyatt; French horn player, Peter Ulfers; and bassoon player, Chris Ulfers. The Symphonic Orchestra's busy year closed with their Awards Concert in May in which Jennifer Sherwood was the Arion Award soloist./Andrea Ursprung

SCINTILLATING STRINGS

Each year a string group is invited to play at the "Those Who Excel" banquet in Springfield. This year, Alton High's Scintillating Strings were given the honor, and on Friday, September 30, 1988, they provided music for the banquet.

The "Strings" left Alton High at 3:00 pm to play at the Holiday Inn on Interstate 55. They had an elegant dinner at McDonalds, and then played at the banquet.

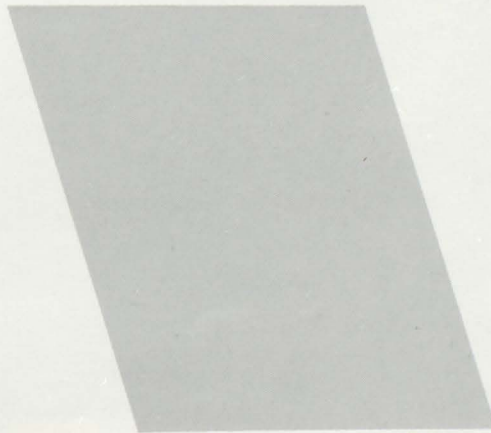

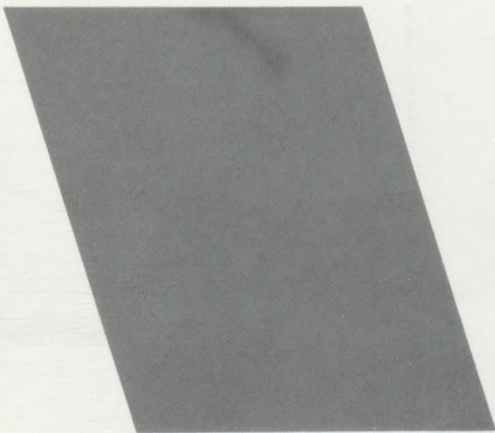

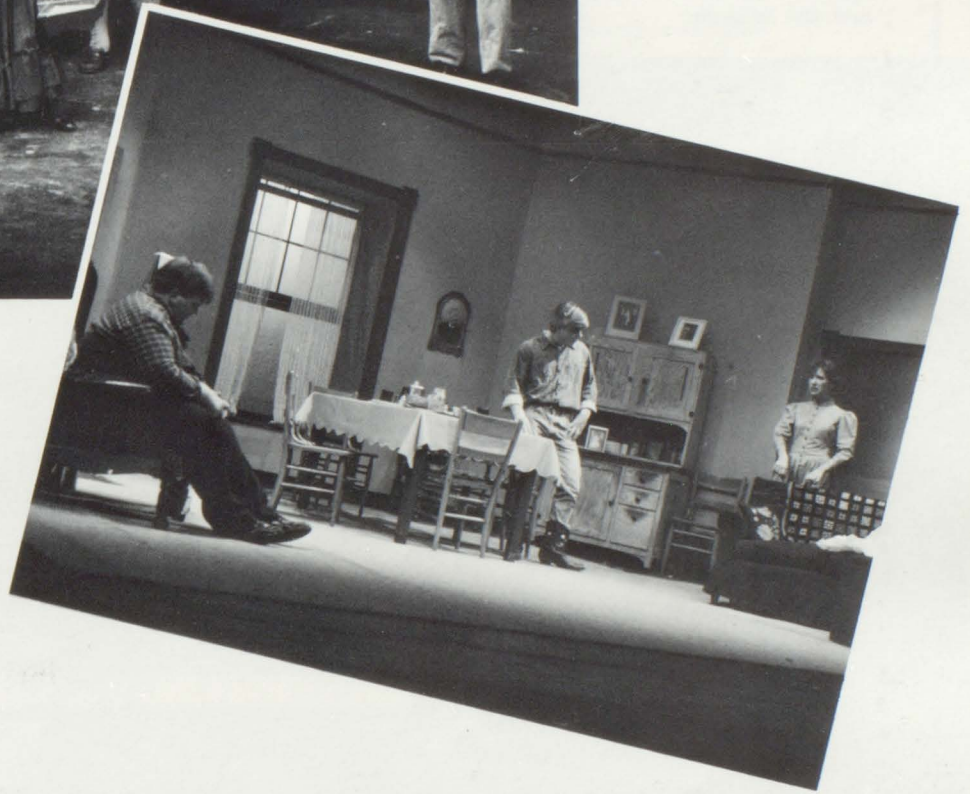

After the thrilling ride from Springfield, they arrived back in Alton at 10:00 pm.

MURDER ON THE NILE

The Alton High Speech and Theater Department's fall production this year was Agatha Christie's "Murder on the Nile". The play was about a newlywed couple on their honeymoon. They came on board a ship for a cruise and ran into the husbands ex-fiancee. There is a murder which occurs soon after they sail. Then another occurs. Through much investigation the murderer/murderers were discovered.

THE RAINMAKER

For the second play of the 1988/89 school year, the Alton High Speech and Theatre Department featured a romantic comedy entitled "The Rainmaker". This fictional play focuses on a family living in the midst of a drought. Along with the problem of dying cattle, the family is certain that the daughter will never marry. Her father and two brothers try to set her up with the local deputy, without success. Suddenly, a fast talking con-man appears and reveals himself as a rainmaker. He guarantees that for \$100 he can bring rain within twenty-four hours. The family finally agrees to his proposition, although the requests he makes are somewhat peculiar. Meanwhile, the Rainmaker becomes attracted to the daughter and convinces her that she is beautiful. As a result, love comes into the picture as well as rain./Shannon McFarlane

GOODBYE MR. DAVENPORT

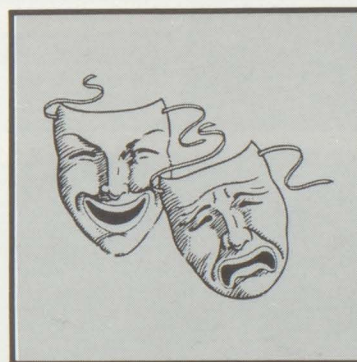

After 33 years at Alton High, Mr. Davenport is retiring. The Rainmaker was the last play he directed here. He also directed the musical Bye, Bye Birdie. He has taught classes in communicating and theatre along with directing plays and musicals throughout the years.

Mr. Davenport describes his years here as "rewarding and creative." They "have been a chance for me to deal with some talented and creative students and faculty."

Mr. Davenport has greatly improved the Theatre De-

partment at Alton High. When he arrived here, the Theatre Department did one performance of the plays, on a Monday night. He has introduced many things at Alton High. Among these are the musical, and the Stagecraft class, which builds the sets for many of the shows here at A.H.S.

I think I can speak for many people who have come in contact with Mr. Davenport over the years when I say good luck, and we are going to miss you.

The Century's Greatest Musical Hit
My FAIR LADY

May 6, 7, 8 pm 8, 2 pm 1988

Alton High Auditorium

Director: Mr. Cliff Davenport Vocal Director: Mrs. Jean Conrady Musical Director: Mr. Allen Walters Choreographer: Mrs. Bev Reid Technical Director: Mr. Glenn Waters Student Director: Anissa Sisk Stage Manager: Jason Rexford Light Board: Mike Nolan, Chris Edwards Follow Spots: Larry Hill, Ann Greenwood

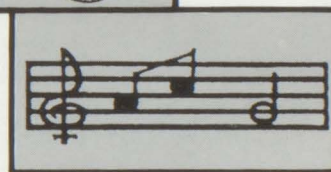

The 1988 spring musical was Lerner and Loewe's "My Fair Lady". The show revolved around a poor flower girl, Eliza Doolittle, in 1912 London, who hires a world-known Speechologist to turn her into "a lady in a flower shop."

There are many times when she feels she can handle little more and is going to give up. But she ends up staying. All through the story she learns the meaning of hard work. There are moments of triumph, there are also many funny moments.

The show starred Jennifer Murray as Eliza Doolittle, Doug Simpson as Henry Higgins, Ian Hardin as Colonel Pickering, Mike Vetter as Freddy Eynsford-Hill, and Damon Cates as Alfred P. Doolittle.

The singing chorus was made up of Janet Beatty, Tracy Buckner, Terri Corona, Melissa Deewall, Jennifer Duncan, Maryann Greenwood, Sharon Miller, Tiffany Schneider, Jana Washington, Sarah Wills, Wayne Casey, Jay Cates, Kevin Hand, Aaron Mayhew, Brian Petree, Jeff Small, John Shelby, Luis Saravia, Paul Wallace, John Wilson.

The dancing chorus consisted of, Kristine Angelo, Missy Goeken, Jennifer Hughey, Rachel Hartman, Stacy Krietner, Kate Medder, Anne Keller, Aaron Elson, Aunthrie Gillespie, Brian Keith, Jack Monroe, Luis Saravia, Jeff Small, Paul Wallace.

OPPORTUNITIES FOR CREATIVITY

Now comes a problem, you need a fine art credit to graduate. What do you do? You sign up for an art class, but do you have enough talent? You might stop and say "I can't even draw a straight line with a ruler." Anybody can be an artist if they give it a chance. Art is just like anything else in life, you can learn to be an artist. Now you find yourself in the middle of your first project. You seem to get more interested as you go. Then after a little trial and error you create a masterpiece.

You learn to talk by talking. You learn to write by writing, you learn to play tennis by playing tennis and you learn to draw, sculpt and design the same way. Practice! Practice! Practice!

The Art Department sponsors a three day art exhibit in the spring at Alton Square. Many art students and maybe even you can display your art work. The exhibit displays everything from photography to pottery, or any other type of art you specialize in. Art just isn't a class or a credit but an opportunity to succeed.

REDBIRDS' COACH RETURNS

The season was characterized by hard fought matches, outstanding individual matches, and a steady improvement in the quality of team performance. The late season loss to a strong Belleville East team by a score of 5-4, a win over Marquette by 7-2, and a strong second place at sectionals, finishing above both Granite City and Jerseyville teams that had beaten Alton during the season, give promise for a competitive season in 1989. Seven lettermen will return plus ten junior varsity players.

SMALL TEAM . . . GREAT TALENT

The Alton High girls' track team may have been short on numbers, but the Redwings have had some performers long on talent this year.

Being on the girls' track team at Alton High is quite a challenge. The first two weeks of practice is conditioning, which is usually the toughest time for beginners. The long practices continue, and soon the meets begin. "We've been putting in an hour-and-a-half, now it's up to two hours (of practice.)," said Ruth Ann Brown at the beginning of the season. "It's so we can get ready for the conference and districts."

In the end, the girls team learned that victories aren't what really matters, but faith in themselves to persistently try to improve./Cheryl Gooden

GREAT IMPROVEMENT

The 1988 Sophomore Baseball team, lead by Mr. Bill Brockhouse, had a better season than the past few years. The team had a record of eight wins and twelve losses. The record may not show much improvement, but the boys maintained a winning attitude. One of the season's highlights included an outstanding win over Belleville East 6-4, whom they had lost to previously. It was a great comeback! Good luck next year./Ron Hornsey.

NEW COACH NEW ATTITUDE

The 1987-88 Alton High Baseball Redbirds are now under the direction of their new coach, Mr. Scott Posey. Along with a new coach, the team took on a new and improved attitude. Coach Posey started to work with the team early in December to prepare for a longer and harder season ahead. The hard work paid off for the Redbirds by leading them to a more productive season. Local newspapers used words like "slap," "top," and "stunned," to describe their season. The team had a rough time at the beginning of the season, but after the Marquette double header, things began to

change. This was the first year Alton has won the Explorer Classic. Kyle Steiner was the star by going 4 for 4 with a grand slam that opened up the game for the Redbirds. Steiner stated "I knew I had hit it hard, but I didn't know how far it would go." The overall season, was a positive one. Coach Posey stated, "We lost a few tough games, but the overall season went well."

MAYBE NEXT YEAR

Even though the 1986-'87 softball season was not very successful, we did win two games. Both were against East. St. Louis.

Mr. Joe Hook, our new assistant coach, helped us a great deal throughout the season, even though he started coaching after we had played our first couple of games. The team would like to extend their thanks to Coaches Kelly and Hook for their patience, time, and help. It was greatly appreciated.

The 1986-'87 softball team consisted of three seniors: Jenny Masters was the only fourth year player and played second and third base; Jennifer Haycraft, who played first and third base; and Donna Burger, who played right field and catcher. The two juniors were Laura Whyte, a pitcher, and Kelly Britt, who played in the outfield. The eight sophomores were: Jennifer Bonnell, who played second base; Shannon McFarlane, who played center field; Nancy Korte, who played left field; Jennifer Sichra, who played in the infield; Anne Ingersoll, who played in the outfield; and Aimee Downey, who played in the outfield. We had only one freshman, Daniele Tweedy, who played first base and pitcher.

I would like to congratulate all the people who played, and I hope to see them playing again in the spring. Good Luck!

COMING BACK

The Redbirds have come back since 1963, and Coach Diddlebock should be thanked for it. He has worked well with the track team, and they have cooperated with him as much as they possibly could. This was a team that worked well as a group.

Alton finished with 128½ points at the Annual Red Division Madison County Track Meet at Collinsville, and rolled to an easy team victory. Edwardsville was way behind with only 68 points, Granite City had 52½ points, and Collinsville was history with only 27 points.

Coach Diddlebock feels that to completely return the Redbirds to the form that won them State Championships in the 60's, they need to do some fine tuning. "We're off on our steps in the long jump, and we need to work on our vaulting form."

Hopefully, the track team will work on that fine tuning, and have an even more successful year in '88-'89. Good Luck! Joe Hoagland

JUST THE BEGINNING

Last year was the first year. Only the beginning of the Alton High School Girl's Soccer Team. When Mick Brown, the coach, was asked to describe last year's season, he stated: "I was very happy with the first season. I felt that with the schedule we played, three wins was good. I was also happy with the skill improvements."

Many girls had signed up for the soccer team when it was first talked about, yet, less than half finished the season. However, Coach Brown stated that he was "very happy with the numbers that came out. I would like that amount again in order to field a varsity team and a junior varsity team."

The team finished the season with three wins and eight losses. The three wins were: one against Metro East Lutheran and the other two against Wood River. "I've played soccer most my life, and winning feels great, even though we didn't win much our first year. But it was only the beginning, and next year, since we'll have some experience as a team, we should win more games," stated Raquel Raya, a varsity player.

Next year's team will have some experience to ride on, and the 1988-1989 Girl's Soccer Team will be more successful. Good luck, girls!

PUTTIN' TO THE TOP

After the Alton High Golf Team was eliminated from last year's sectional, it appeared they would never get to the State Tournament again. 1976 was the last time they were there. "I'm really worried about my team next year. We really don't have any depth after 2 players," said Coach Overath. After the first couple of matches, it seemed that their coach had made a valid statement. They shot big numbers at easy courses and lost to bad teams. The team ran off a string of victories only being nipped by Edwardsville, who has been 549-49 for the last 10 years, and who finished 2nd in the state tournament.

Coach Overath was very confident coming into the Regional. "They were on a roll. They had shot five low team scores all close to beating the school record, and impressively, they tied for first in the conference tournament, giving them second place for the year." Well, what happened, Coach? "It was short and sweet," said Overath. The Redbirds missed sectionals by five shots.

Nevertheless, the season didn't end there. It was only the beginning for the #1 and #2 players-Chad Randall and Brad Tiemann. They both went all the way to the State Tournament, where Randall finished 12th and Tiemann finished 27th.

Overall it was one of the best golf seasons for Coach Overath. /Chad Randall

A VERY PROMISING YEAR

With five returning lettermen and several young runners, the 1988 Cross-Country season appeared very promising. Consisting of three seniors, one junior, two sophomores, and a freshman, the varsity squad placed in several meets.

The squad finished first at the Madison County Meet, second at the Triad Invitational, and third at the Belleville East Invitational. In addition, they took first place at the Southwest Conference Meet, a feat that hasn't been accomplished since 1980.

Seniors Waide Neal, Mike Velloff, and Maurice Manley, and sophomore Chris Scarborough made the All Southwestern Conference Team. However, the team didn't qualify out of Regionals, finishing in fifth. Yet, Neal and Manley qualified as individuals to go to Sectionals in Springfield. Neal went on to the State Meet in Peoria, placing 24th in a blistering time of 15:11.

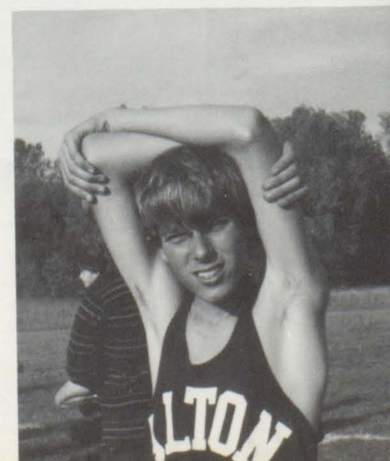

Other contributing members were junior, Todd Salzman, sophomore, Aaron Mayhew, and freshman, Tom Shirrell. Special thanks to Coach Diddlebock, and good luck to next year's team! /Mike Velloff

WHAT A SEASON!

The Alton Redbird kickers enjoyed a good season this year. The team was lead by seniors: Chris Bechtold, Aaron Eickhoff, Denny Fish, Kurt Hall, Scott Hicks, Jimmy Sumptner, Mike Retzer, Marc Thompson, and captain, Jimmy Rigdon. Alton also received help from juniors: Terry Embry, Allen Groves, Brian Mossman, Shawn Pohlman, and Colten Steiner. Sophomores, Scott Lucas, and Matt Whisler also saw a little action this year.

Top Right: Denny Fish kicking the ball past opponent.

Alton began the season with a good start by going 2-0 in their first two games before losing in Indiana. When the Redbirds returned from Indiana, it seemed to take some steam out of them as they let down a little. It did not help that they were playing one of the toughest schedules in the state. The Alton Tournament was the big turn around for the Redbirds.

The Redbirds won the Alton Tournament for the first time in several years. They defeated Belleville Althoff 3-0, Roxana 4-1, and Edwardsville 3-1, in the championship game. Things only went uphill from there, as they won 9 out of their next 13 games. They eventually finished second in the SWC.

Winning the regional was the

icing on the cake for Alton. They defeated Civic Memorial 2-0, and Marquette 4-0 in the championship game, avenging a 1-0 loss earlier in the season. They advanced then to the sectional, in which they lost to Springfield High School, 1-0, in the semifinals.

Many other things highlighted the season. The Redbirds were named the team of the year by the Optimist Club, and several players were recognized. Bechtold, Eickhoff, Fish, Hicks, Mossman, Retzer, and Sumptner were named players of the week. Retzer was named Offensive Player of the year, Hall was named 110% Player of the year, and Pohlman was named Defensive Player of the year. Scott Hicks was voted M.V.P. for the season by his teammates, while Chris Bechtold and Denny Fish were recipients of the Joel Herzon Memorial Award.

The Redbirds would especially like to thank Coach Gentlin for his continued support and a great season. Denny Fish

THE NEXT VARSITY

The junior varsity team this year got off to a good start by winning their first two games. They ended the season with 6 wins and 6 losses. With the leadership of two J.V. -Varsity players, Chad Strohkirch and Matt Whisler, combining to lead the Alton Attacks. Goals were few, so they usually relied on a strong defense to back them up. Scott Lucas (also another J.V. Varsity player) and Vance Stutz held teams to low scores when games were tight. Kai Fiedler, an exchange student from Germany, center midfielder, was the muscle of Alton's offense by giving passes, right and left, to a goal hungry, Chad Strohkirch.

All in all, the junior varsity team finished with a pretty good season. With the leadership of Coach Schmidt, the J.V. team will become a Varsity team to remember.

A Place To Start

The Alton High Freshmen Soccer Team did not exactly have the greatest season in the world, but they accomplished a lot. They got a year of experience under their belts, and they ended their season on a good note with a 6-0 victory over Jerseyville. This brought their record to a mere 3-8, including two forfeit victories.

Mr. Cappel, the coach, was pleased with the progress of his team, and had quite a bit of fun, too. The players this year worked hard and intend to work harder next year. If they stand by this, they should be as successful as their varsity team, and follow in their footsteps.

STARTING FROM SCRATCH

There were a lot of new faces surrounding the Alton High School girls' volleyball program this fall. One of them was Sue Buckley, who has been around the sport for many years, but who was in her first year as the Redwings' varsity coach. Another new face was Leon Wright, the assistant coach.

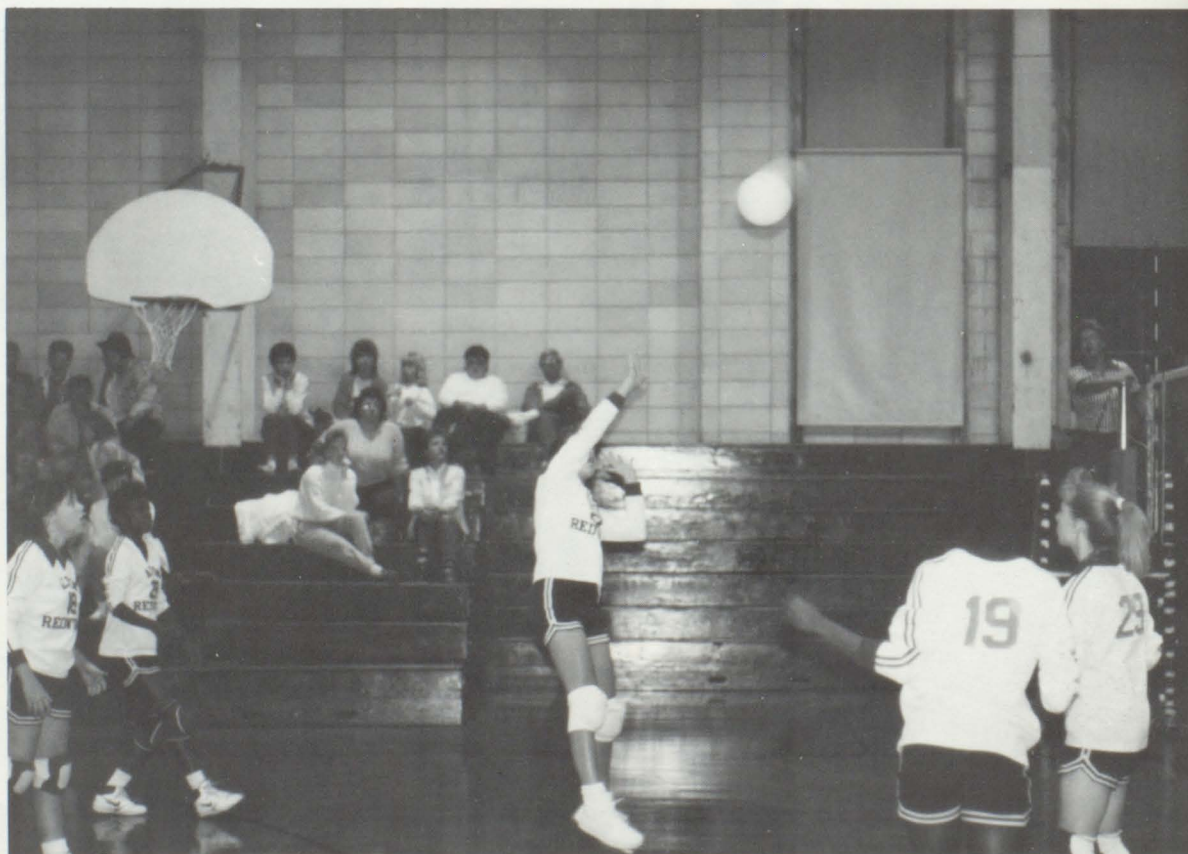

Even with these new faces, the team ended the season with a losing record of just one win. However, Buckley was working at a disadvantage, because there are no middle school sports in the public schools. Some of the girls played power volleyball in the parochial schools in the Catholic League, but that's about. "We're kind of starting over from scratch," said Buckley.

There was one veteran player on the Redwings, setter Raquel Raya, a senior in her third year on the team. Two other seniors, Nanette Crane and Sheri Parks, were first-year players. The rest of the team consisted of: Angie Elliot, Shawanda Clay, Bridget Hanlon, Amy Hall, Moneak Lenoir, Julie Grizzle, Kyra Mills, Misty Lung, Danielle Olmstead, and Kara Eschbach./by Bridget Hanlon

DETERMINATION LEADS TO A SUCCESSFUL YEAR!

With the help of Coach JoAnn Dillon, the Alton High girls' tennis team had a successful year, although the record doesn't prove it.

The team met every day until 5:00 p.m. practicing their backhand, improving their serves, working on their net shots, and anything to help sharpen their skills and prepare them for their match.

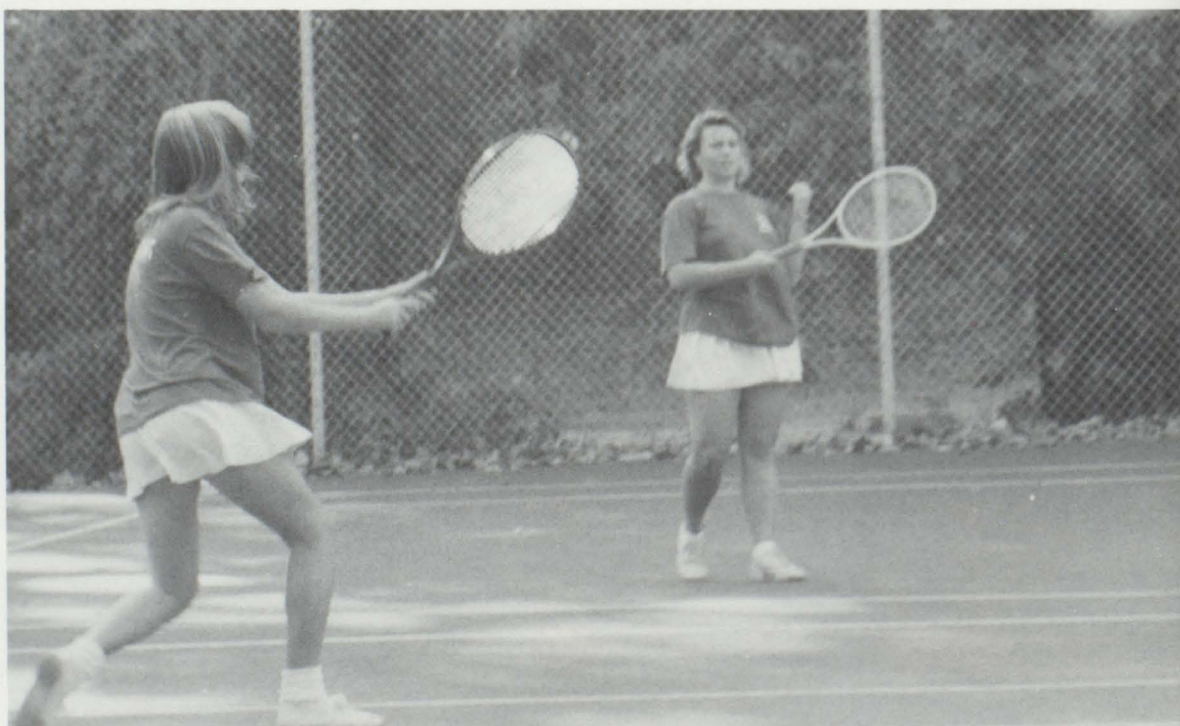

Well, all the practice seemed to help, because the team had four wins, placed fourth in the conference tournament, and tied for seventh in sectionals. The doubles team, consisting of senior, Mandy Henesey, and sophomore, Claire Sun, qualified for the state tournament by beating their top rivals, Marquette High.

Hopefully, the hard work and determination of the team will lead to an even more successful season next year./Claire Sun

MOTIVATION MAKES IT

The Sophomore football team had a good season this year, but they needed some motivation to get them started. It took the help of some excellent running backs, and one of the toughest defenses to make it a winning season. We also had a good offensive line that gave us good protection most of the time. Even though they gave us a hard time, Coach Hook and Coach Eckhouse were great motivators. All in all we had an excellent season of 4 wins and 3 losses.

FOOTBALL CHEERLEADERS- VARSITY

Let's hear it for the peppy and spirited athletes of 88!

This past football season, the Alton Cheerleaders welcomed Mrs. Angela Hopkins aboard their spirit boat. Mrs. Hopkins accepted the responsibility of being the cheerleader sponsor.

The football cheerleaders performed a dance routine at the Homecoming Pep rally. They danced to "Don't Go" by Yaz. Choreographers were MeMe McAfoos and Jennifer Hughey.

The cheerleaders were asked to perform at the Bush/Qualye rally at Alton Square Mall, where they were fortunate enough to meet Presidential candidate George Bush.

This football season's Varsity squad consisted of MeMe McAfoos (captain), Latasha LeFlore (co-captain), Meg Davey, Tiffany Dykeman, Yvonna Washington, Becki Stanley, Jennifer Hughey, Jody Butler, Elisha Clark, and Becky Shultz.

Third Row: Jennifer Perica, Becky Schultz, Yvonna Washington, Presidential Candidate George Bush, Mrs. Hopkins, Latasha LeFlore, India Fields, Tiffany Schneider. Second Row: Jennifer Loflin, Laine Frizzo, Becki Stanley, Jennifer Hughey, Meg Davey, Tiffany Dykeman, MeMe McAfoos, Kim Tanner. First Row: Jody Butler, Jennifer Thompson, Jennifer Parker, Elisha Clark, Kiko Matthews, Blythe Ridder.

"It was really great working with this year's football cheerleaders!"

"Come on, let's hear some school spirit!" yells Meg Davey.

The Alton High Varsity and Junior Varsity Basketball teams had a relatively successful year. The J.V. team was not as successful as the Varsity team. The Varsity jumped to a 7-0 start while the J.V. was 4-3 after their first seven games. They ended up with records of 12-9 for the Varsity and 10-9 for the J.V. The success of the Varsity team was not the result of having the tallest players in the conference, on the contrary, none of the starters was taller than 5-11 1/2 "I've tried to use our lack of height as a motivational point with the kids" said Coach McAfoos, "they take pride in the fact that we've got a small ballclub, but that we can still play with anybody" The team earned the nickname of the "Runnin' Redbirds" from their style of ballhandling. Their speed, leaping and scoring abilities also helped them attain this record. The Redbirds won the Bethalto Regional Tournament, but eventually lost to Lincoln, who became state champions for the third year in a row. Congratulations to the Redbirds of 1988-89.

The Alton High Freshman and Sophomore Basketball teams were very busy this year getting ready to fill the shoes of the successful Varsity teams of the past. The Sophomores seem to be off to a good start. Their record of 14-4 gives us hope for our teams of the future. At one point they won 11 straight games. Belleville East and East St. Louis were the most challenging and rewarding wins of the season. They completed the season with a third place finish at the Jerseyville Tournament. The Freshman team was not as fortunate, finishing the season with a record of 5-13. They got off to a quick start by winning 3 of the first 4 games. The Freshmen had a quick team but were short on height. They played with 3 guards and 2 forwards and no center. The last game proved to be the most exciting. A one point win over Granite City was a good way to end the season. With the Freshman quickness, and the Sophomore height, we can look forward to an exciting future in basketball.

INEXPERIENCED BUT TALENTED

The freshman girl's basketball season was like a Six Flags roller-coaster, going up and down all the time. The start of the season was the deep drop in the ride; by Christmas break the team was 2-5. Then Santa Claus brought just what the doctor ordered.

The Redwings finished 7-9 and they were back at the top of their game. With improvements in team defense and team play, the Redwings gained self-respect and confidence.

Leading the way for the Redwings in scoring were Alicia Collins with 11 ppg, Camie Bechtold with 9 ppg, and Sophia Rounds with 7 ppg.

On defense, Camie Bechtold pulled down 122 rebounds to lead the team and averaged 13 ppg. Renee was next with 65 rebounds and averaged 8 ppg.

In his 6th year of coaching, Coach Terry Mitchell had his hands full with 15 inexperienced girls, some of whom had never played organized basketball. Coach Mitchell said, "It is very difficult to win at the freshman level when there aren't any middle school programs. The teams that we play against have been playing together since 5th or 6th grade, but this is one of the most talented classes to have come along in several years."

VARSITY GIRLS BASKETBALL

The varsity girls basketball team has seen some of the best of times and some of the worst of times all in one season. The Redwings started the season on a high note. At Christmas break the Redwings were 6-2. However, some key losses proved to be a dampening factor on the season.

Coach Mary Bowling said, "The bad thing about the losses is that they were not even on the court, but affected the play on the court."

The Redwings lost two of their three seniors. Tabetha Broomfield and Tracey Taylor graduated in January. Coach Bowling said, "The loss was very big to the team as Broomfield and Taylor accounted for 28 of the teams points."

Gina Frizzell lead the team with 14.9 ppg. Lewis was close behind with 9.8 ppg. Gina also led the team in assists and steals. Julie Morgan, Felicia Smith, Shawanda Clay, Shenekia Jackson, Georgette Lawerance, Carrie and Camie Bechtold, and Alicia Collins proved to be a positive force for the Redwings.

Morgan and the freshman really stepped in and pick up some of the slack along with other to help fill the scoring gap that was missing.

Model United Nations

Model U.N. is a club that gives students interested in politics a chance to learn about and discuss current world issues under the direction of Mrs. Eastman and Mr. Loehring. Each interested member picks a committee to represent and discuss a country. Students also choose an issue to write about in a resolution. These efforts are put to use during a session at McKendree College in Lebanon, Illinois. It involves many delegates from several high schools. During this two day session in November, members Emily Smith and Kyle Nudo had a resolution passed. Kyle also won a court case and Ian Hardin was a court judge.

Gospel Choir

This year a new group was introduced to the Alton High scene. The Gospel Choir, made up of several dedicated students, was put together by Mrs. Caffey. Throughout the year, the group held several performances. One in particular was an assembly given on Jan. 13, 1989 as a tribute to Dr. Martin Luther King Jr. On that day, excerpts were taken from his famous speech "I Have Been to the Mountain Top". After each excerpt, a short, inspiring song was sung by some of the members. Four guest speakers told of the eventful life he lead. One did this through words, one through music, and the rest through song.

Peer Leadership

Peer Leadership is an anti-drug and alcohol group at AHS that works to promote self confidence among students. This year was better than ever with a "Drug and Alcohol Awareness Week," which included a drug survey asking students to remain free from drugs and alcohol for seven days and hopefully longer. It also involved an assembly featuring a multi-media presentation which encouraged students to reach for their goals and to not let them be destroyed by drugs. The conclusion of Bionic Week was symbolized by a balloon launch.

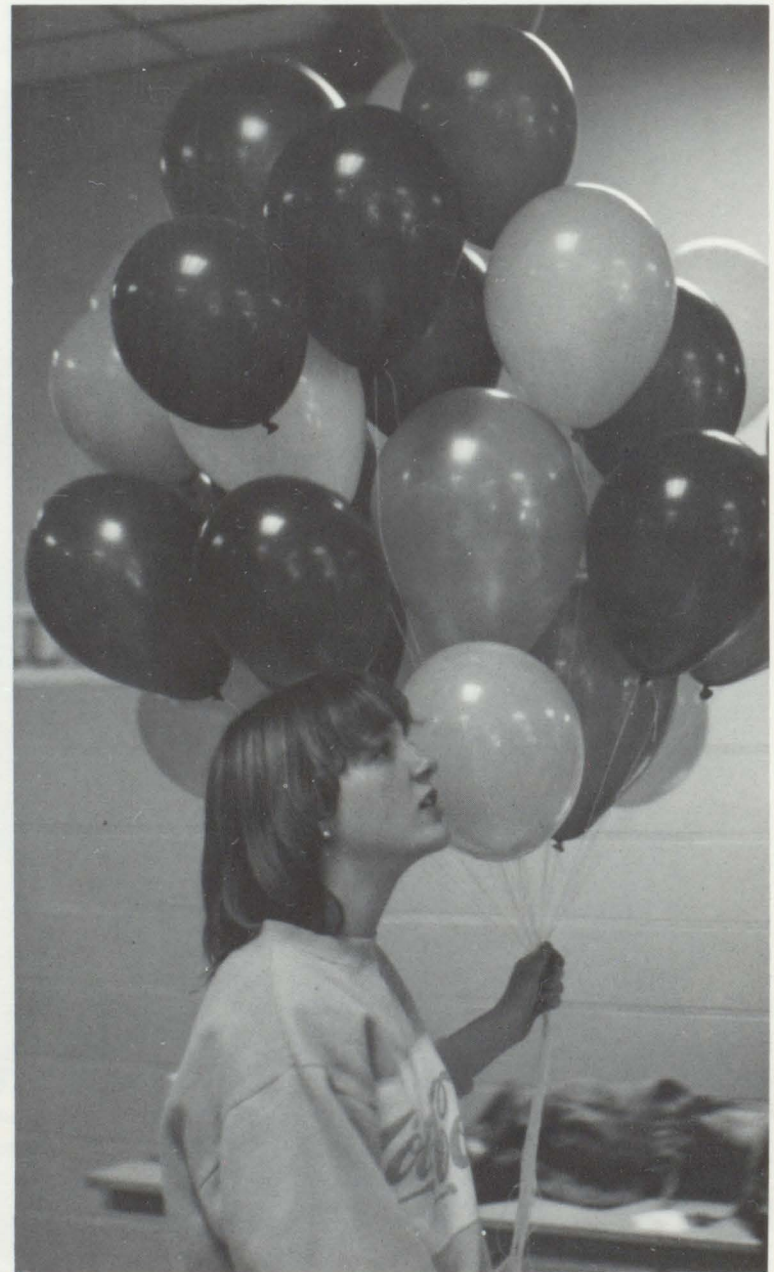

Peer also sponsors Operation Snowball every spring and councils truant students through Operation Outreach. With the large number of energetic underclassmen this year, Peer will be going strong for years.

The purpose of the Computer Club, which is sponsored by Mr. Thompson, is to provide extracurricular access to computers and to keep up with the latest software and hardware changes. The students learn how to maintain and take better care of the computers while working to get better software in order to expand computer memory. The club meets every Thursday after school from 3:30 to 4:30 p.m. in room 215. There is also an unofficial meeting on Tuesdays which is not as active. The students are allowed to stay for the same amount of time. There the members play games and do a lot of programming. They also enjoy experimenting with sound effects and inventing new and exciting video games.

Gary Hubbard looks over his newly designed computer program and attempts to work out the mistakes.

Student Council

The foundation of our Student Council is built on the hard work of two groups: the Student Senate and the Activities Board. Under the direction of Mr. Larry Thompson and Mr. John Kline, each group partakes in various activities that benefit the less fortunate. Throughout the year Student Council also created many new activities to instill a stronger sense of school spirit and belonging among the students.

Over the past year the Student Senate has sponsored the spring and fall blood drives, assemblies to create campus pride, a Halloween dance, Bionic Week activities, and the student elections held in January. They supported the Easter Seal Society through their participation in the Goofy Games at Gordon Moore Park. Student Senate held a breakfast for the underprivileged children and collected canned goods to be distributed to the needy.

The Activities Board planned and handled all the preparations for the Back to School dance in September, the 1988 Homecoming dance, the Christmas dance, and Prom '89. They were responsible for upholding many Alton High traditions this year. For instance, the Activities Board sponsored the annual Powder Puff Football Game between the Junior and Senior girls on October 10th, which was won by the Junior girls. Another example is the annual Senior Award and Talent Show which was held February 9th. At Christmas the Activities Board sponsored a door decorating contest and sold candy grams. The money collected from the candy grams was donated to Blake Sandidge, a former AHS student who now suffers brain damage because of an automobile accident.

The foundation of our Activities Board are: (top) Buffy Osborne (treasurer), Lisa Tucker (Parliamentarian), (bottom) Lisa Emery (Secretary), Allison VanKoten (Vice president/Jr. Class president), and Lance Witcher (president/Sr. Class president).

Officers for the Student Senate include: (L to R) Amy Scholar (Parliamentarian), Nat Diaz (treasurer), Kasey Kline (Secretary), Jennifer Loflin (Vice president), and Jennifer Hughey (president).

Redbird Word

Students take on a large responsibility when they sign up for Journalism. They quickly realize the pressure of getting out the monthly issues of the Redbird Word.

In the beginning, students are assigned monthly "beats". Beats are places each student checks for news stories every month. All of the possible stories are voted on and the most popular ones are then written for the Redbird Word.

Not only do Journalism students learn how to find news stories, but they also learn how to write feature articles, lay-out pages, and edit copy.

In the end, all of the students gain a valuable experience by taking Journalism.

Darren Eccles looks on as Sara Roth sells the latest issue of the Redbird Word to Mike Cool.

After giving Carrie Daniel 25¢, Tim Schaberg waits in anticipation to see if his picture is in the paper.

As always, Meg Davey and Carrie Owczarzak work hard to get their assignments done.

National Honor Society

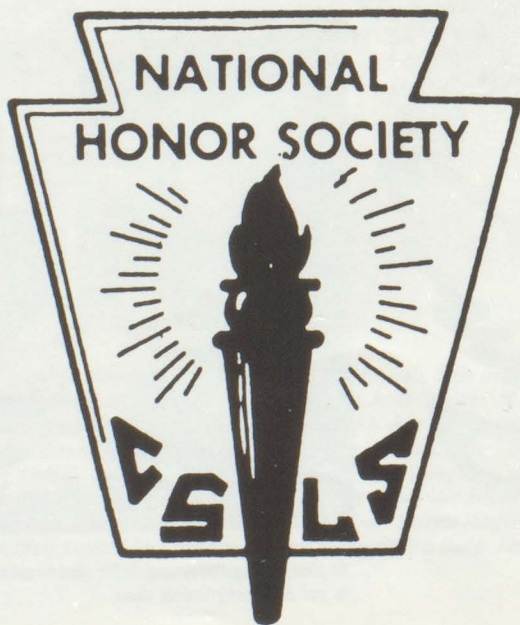

Alphabetically: Elaine Abromovich, Kelly Bachman, LaShawna Bailey, Janet Beatty, Chris Bechtold, Jennifer Canter, Denny Fish, Linda Garner, Amy Gibson, Rachel Hartmann, Scott Hicks, Cynthia Howell, Sindy Hsu, Jennifer Hughey, Danny Jacobitti, Lance Johnson, Jennifer Keeley, Anne Keller, Sue Kercher, Kim Marshall, Tara Meeden, Cathy Miller, Elizabeth Mottaz, Martha Phillips, Raquel Raya, Susan Schrimpf, Jennifer Sherwood, Rebecca Stanley, Brett Stewart, Brad Tiemann, Michael Velloff, and Dawn Weber.

National Honor Society is an organization for seniors with a grade point average of 3.6 or above. Members are chosen and inducted towards the end of their junior year. Activities that NHS sponsor usually deal with social service work such as: Special Olympics for Beverly Farms, work with the pediatric centers at Hospitals, Nursing Homes, and other social work. Faculty sponsor is Mrs. Barb Mondy. By Anne Keller.

Thespians

The International Thespian Society is an organization intended to recognize students active in theater and to promote and support the school theater program. Members work on the four shows done by the school and attend the state High School Theater Festival. The group gathers monthly at member's houses for their meetings. The faculty co-sponsors are Mr. Glenn Waters and Mr. Cliff Davenport. The officers are: Brian Kieth (President), Kevin Hand (Vice-President), Carrie Springer (Treasurer), Troy Vetter (Corresponding Secretary), and Shannon McFarlane (Recording Secretary).

Tatler

Much work and time is involved in producing a yearbook full of exciting photos and interesting articles that will capture memories for the future. During the month of August, a group of students attended a workshop in Quincy, Illinois. At this time, the cover for the 88-89 Tatler was designed and the theme "A Closer Look" was created. The Tatler staff also attended workshops at Forest Park Community College in St. Louis and at Topeka, Kansas. At these workshops the students learned to design layouts, write copy, and use graphics. They also picked up tips for being a better photographer and editor. Finally, there are the sales. Several dedicated staff members sold Tatlers everyday before school and during the lunch hours. However, all the long hours and hard work paid off because it produced a more colorful and an all-around better book!

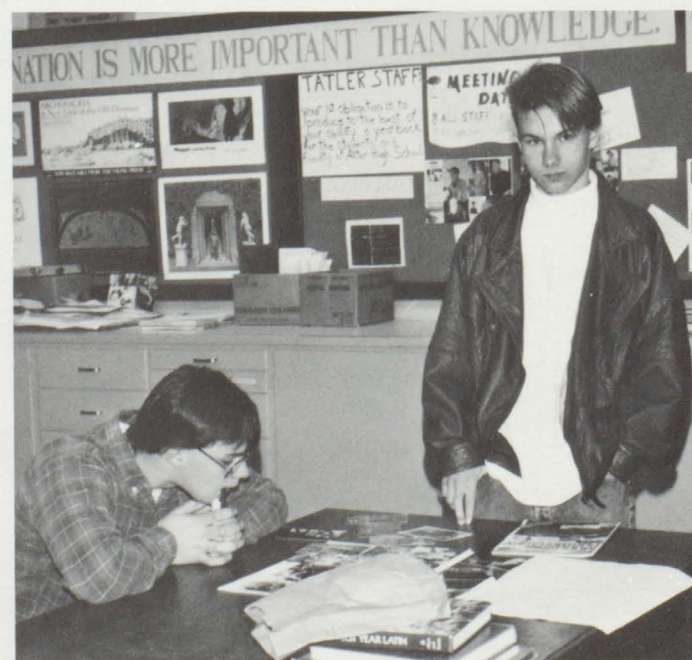

While designing layouts, Kristin Pierce shows us the humor in selecting photos.

Buffy Osborne looks over possible ideas for both larger amounts and more colorful graphics in the Tatler.

Biology Club

A canoe trip, prairie burn, hayride, and geese banning. These are all a part of Alton High's Biology Club. The Biology Club, sponsored by Mr. Mondy, deals with all the aspects of life sciences. The club sponsors activities and field trips that relate to the study of biology. Over fifty people participate in the club. Meetings are held every other Monday. At that time, ideas for activities are organized and planned. To pay for their various activities and field trips the members have candy sales throughout the year and run the coat check at Alton High basketball games.

German Club

The German Club is a group of Alton High students who are interested in a further study of the German language and culture. The German Club partakes in several activities throughout the year. For example, they sponsor a three week stay for German exchange students during the Easter Holidays. At this time, members of the club introduce the German exchange students to the American way of life. However, the most popular event is their annual trip to Germany. The German Club members spend three weeks of their summer vacation with the exchange students. During their stay in Germany the students visit such places as Munich and Kings Palace Gardens in Ludwigsburg, or take a cruise on Lake Constance. As a result, they learn more about the country and German culture.

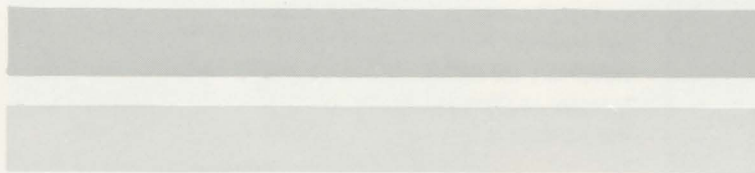

The group visiting Munich are from L to R: Rachel Hartmann, Stacey Kreitner, Gina Howald, Mr. Fischer, and Nicole Parrino.

Language Clubs

The Latin Club meets every other week on Friday and uses the Ancient Roman ways of electing officers. The Consuls, or Presidents, for the first semester are Amy Gibson and Maryann Greenwood. Chris Gunning and Jill Taylor take over during the second semester. The Praetor (secretary) is Jennifer Cauley and the Quaestor (treasurer) is Jason Hart. The Aedile (historian — keeps the records of the club's events) is Allison Harper.

Throughout the year, the Latin Club participates in the Halloween Parade and works the coat check and a concession stand at basketball games. In January the club holds a ceremony where the first semester Presidents turn the Consulship over to the second. In February the Latin Club goes ice-skating and later in the year it sponsors an Olympiad for the foreign language clubs to compete and participate.

The third year Spanish class planning to visit Spain is below from L to R: Carolyn Lenoir, Lisa Hayes, Cheryl Gooden, Keena Hubbard, Sarah Schmidt, Tony Fiedler, Mrs. Amschler, Tracey Thomas, Carrie Stewart, Andrea Sheary, Jennifer Mueggenburg, Cindy Thin Hsu, Jason Fleming, Pom Satta, Eric Ortman, Jay Terry, Jennifer Perica, Jennifer Duncan, Mary Geisen, and Sonja Haddock.

The Spanish Club is not quite as busy as in recent years. However, they are spending their time wisely by earning money for field trips. A trip to Mexico is planned if enough people volunteer to venture into the wonderful country to our south. The students in their fourth year of Spanish also hope to go to Chicago. There they would visit the Hispanic community and museums. During the Holidays, all the Spanish classes sold Christmas items in order to purchase new educational videos. These may be important events, but a trip to Spain that is planned for the summer of 1990 takes the cake. In Spain, students would visit cultural events such as bullfights. A trip to the Prado, an art museum in the capital city of Madrid, is also planned. Most important of all, the Spanish way of life would be experienced in its entirety.

Sonja Haddock, Jennifer Mueggenburg, and Carrie Stewart listen as the Spanish culture is further discussed by Mrs. Amschler.

Above: Jennifer Perica, Jennifer Duncan, and Mary Geisen anticipate a trip to Spain.

There is a new addition to the organizations on the AHS campus this year. The French Club is sponsored by the two French teachers, Mr. Schlitt and Mr. Bagley. Many meetings have taken place, some even during class. Although few activities have occurred, many events are planned. The club members are especially looking forward to visiting a French restaurant later on in the year.

French Club members in the front row are from L to R: Brian Petree, Andrew Schubert, Stacy Mondy, Shannon McFarlane, Yvonna Washington, Cindy Streep, and Janelle Card. 2nd row: Joelle Elliot, Julie Grant, Crystal Lawson, Jodie Mendelsohn, Tiffany Myers, Jenny Rankin, Latasha LeFlore, Mary Ann Mack, Charles Miller, Mary Jo Nevins, and Jim Lavelle. 3rd row: Mr. Bagley, Beth Slater, Bridget Hanlon, Amie Wintjen, Catherine Daniel, Carrie Daniel, Terri Ash, Nici Parrino, Jennifer Canter, Aletha Edwards, Clara Stewart, and Jeremy Wittels. 4th row: Bob Stephens, Deborah Black, Eliz Kinsella, Jamie Phipps, Carla Otte, Jennifer Keeley, Laura Dona, Louise Bowles, Richy Hickman, and Leanne Norman. A Special Edition

The Tatler Staff would like to present you with the mini-mag. This section of the yearbook is something new and interesting. It deals with issues concerning Alton High School, our community, and the world. We don't want you to forget the importance of these issues in the future, so for your convenience we captured them for you in our new addition: THE OOS AND THE AHS OF 1988-1989.

AHS Receives Grant To Keep Outreach Going

Alton High School has been given \$95,000 to continue Operation Outreach, an evening school in which dropouts can drop back into school and earn credits toward graduation.

Operation Outreach also combats truancy among students who skip daytime classes at the school.

The program began in 1986 to reach students who failed to make it to class. When a student begins cutting classes, Principal Tom Thompson assigns the student to a counselor who works with the student to solve the skipping problem.

"We don't want students riding buses to Alton High and then cutting class all day to roam the neighborhood," Thompson said.

Operation Outreach provides nightly classes for dropouts, pregnant teens, and teens who had to quit school to work daytime jobs to support their families, said Thompson. Students up to age 20 may attend the night school.

"We have kids in night school who would not be in school at all were it not for Operation Outreach," stated Thompson.

Presidential Bandwagon Visits

The year's top national story-the election of a new president-became an important story locally as well.

U.S. Sen. Paul Simon of Illinois, who got his political start as a state representative from Madison County, was one of seven contenders for the Democratic presidential nomination. He won the Illinois primary in March, despite a strong challenge from the state's other favorite son, Jesse Jackson of Chicago. After more disappointments, however, Simon dropped out of actively campaigning for the nomination.

Jackson held a rally at Alton High School. And President George Bush, Vice President at the time, spoke at the Madison County GOP's Lincoln Day Dinner in Bethalto.

Bush also returned during the general election campaign. In September more than 6,000 people turned out for a Bush rally at Alton Square. "Bush likes Alton," his Illinois campaign manager said.

Great River Road Will Get Promotion

The glories of the Great River Road and other attractions along the Mississippi River will be promoted all over the world in a new marketing effort by the Mississippi River Parkway Commission.

The commission, which promoted creation of the 2,500-mile Great River Road, celebrated its 50th anniversary in 1988 in St. Louis. It received federal money set aside for the project.

The commission will sponsor advertising, public relations activities, trade shows and consumer fairs in several foreign countries in the next year.

State Sen. Sam Vadalabene, D-Edwardsville, leads the Illinois delegation to the commission.

WHAT'S NEW IN THE LIBRARY?

Hey! Check it out! There's something new in the library. A technology center full of computers is a new addition.

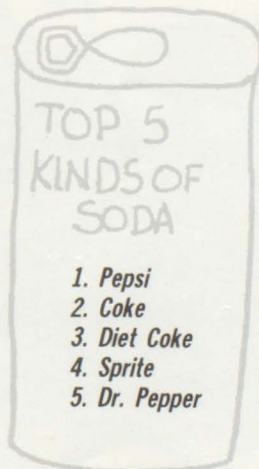

The idea came about a year ago when the school was looking into a security system for the library. For the tech center, the school received a state fund of \$20,000 under a Chapter Two Block Grant, explained Mr. Robert Jefferson, one of the AHS librarians.

The technology center will be open from 7:30 a.m. - 3:30 p.m. Mr. Jefferson stated that there has been an average number of students and teachers using the center.

Housed in the technology center are seven computers-one Apple IIE, one Macintosh S.E., and five Apple II G.S.'s.

Mr. Jefferson added, "We want the center accessible to students and teachers during the school day."

Along with the addition on the technology center, the library has had a few other changes. Two VCR's were also added. Now entire classes can watch educational video tapes in the library. Mr. Jefferson explained, "Now we are using the library more as a media center than ever before. Study halls have been completely removed and therefore utilization by classroom teachers has increased." by Matt Brunnworth

Denby Released

James Denby rang in the new year in a Nicaraguan jail.

The Carlinville farmer was flying his small plane to his ranch in Costa Rica last December when he was shot down over Nicaragua by Sandinista soldiers. He spent the holidays and the first part of 1988 in jail in Managua.

In January he was formally charged with aiding the U.S. backed Contra rebels, a charge he denied. Then suddenly, on Jan. 31, Denby was acquitted of the charges and freed. He returned home the next day.

How Are Your Dates Going?

Have you ever expected that perfect date, only to find that you were from two different worlds? Well, if you have, then here are 10 Do's and Don'ts for the guys and 10 Do's and Don'ts for the girls. These suggestions may help your next date be from the same world.

DO'S FOR GUYS

1. Always make the first move (or there might not be one).
2. Always make her wear her seat-belt.
3. Always pay for the date.
4. Always be on time to pick her up.
5. Give her lots of extra attention (girls like that!)
6. Wear clean underwear.
7. Talk sweet to her, make her feel special.
8. Always stay with her on the date.
9. Always go to a quiet, dark place.
10. Give her a long, sweet good-night kiss.

DO'S FOR GIRLS

1. Always expect it!
2. Always stay on your side of the seat.
3. Always let him pay.
4. Be ready when he arrives.
5. Appreciate the extra attention you get.
6. Wear clean underwear.
7. Talk sweet back to him.
8. Always stay with him on a date.
9. Suggest it sometimes.
10. Girls, just do your part!

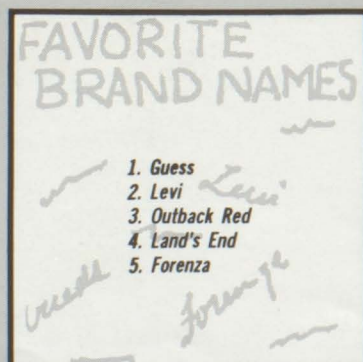

NO-NO'S FOR GUYS

1. Dance like Elvis.
2. Call her "BABE"
3. Flirt with opposite sex.
4. Pass gas.
5. Honk the horn for her to come out.
6. Forget to shower.
7. Take her to Bernie's Barnyard Cafe.
8. Send flowers to the neighbors.
9. Make her sit in the backseat.
10. Stomp on the brake while she is putting on her lipstick.

NO-NO'S FOR GIRLS

1. Dress like Madonna.
2. Call him "HONEYBEAR"
3. Flirt with his dad
4. Complain when he passes gas.
5. Wait for him to pull up.
6. Forget to shave your legs and pits.
7. Tell him you're not hungry when your stomach is growling like a wild dog's.
8. Wear flowers in your hair.
9. Sit in the backseat.
10. Put your make-up on in front of him.

The Returning 60's

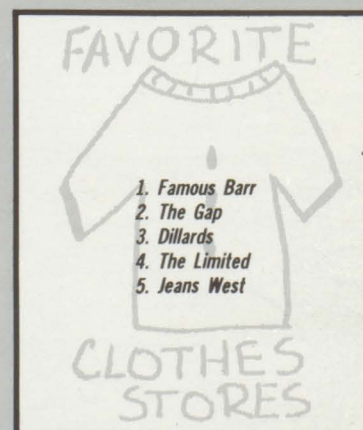

What goes around, comes around. Or, get out your tie-dyed T-shirts, headbands, and Grateful Dead records — the '60s are on their way back. From fashion to fads, movies to television, and art to attitude, 1989 promises to be *deja vu*.

Young people are attracted to the heroes of that decade — J.F.K., Martin Luther King Jr., Janis Joplin and Jimi Hendrix — says Irma Zandi, a youth marketing consultant in New York who surveyed 1,000 12- to 24-year-olds across the USA.

The survey suggests that today's headline scandals, in everything from religion to sports to politics, are sending kids into the past for their heroes. "Caught between going punk or going yuppie, a lot of people are more comfortable going hippie," says Jacaebor Kastor, owner of an art shop in New York's Greenwich Village.

Albums by the Grateful Dead, which always has had a cult following, now show up on the top 20 charts.

The sixties "still sound good and look good," Kastor says.

ARSONS AT ROCKY FORK

Tragedy struck twice this year at the tiny church at secluded Rocky Fork in Godfrey. On April 16, the New Bethel AME Church burned to the ground, the victim of an arsonist. Then, after the 25-member all-black congregation and volunteers from the community rebuilt the church, arson again turned it to rubble on Oct. 18. "I can't say a word," said pastor Steve Jackson as the second fire smoldered. "I didn't think people were this sick. This goes beyond vandalism."

In December, more than 500 people gathered in Alton for a rally in support of the church. The Rev. Bland Childers of Terre Haute, Ind., summed up the sentiments: "We've come to tell the people of Rocky Fork that they're not alone."

NEW COACH JOINS CHEERLEADERS

A new cheerleading coach! Mrs. Angie Hopkins has been chosen to sponsor the 1988-1989 cheerleading squads. "I like trying to get students involved and making them feel like they belong," she said.

Mrs. Hopkins grew up in Sand Springs, OK, and attended William Jewell College in Kansas City, MO. She is pres-

ently teaching English at AHS and has been substituting in the Alton schools for the last three years. She was also a cheerleader in high school and has always been involved with supporting all types of athletics. "I have big plans for the next group of cheerleaders," claimed Mrs. Hopkins. by MeMe McAfoos

Sizzling Summer

Whether you're a farmer or a city dweller, the weather was sure to have had an effect on you during the spring and summer of 1988.

Drought and heat reduced crop yields, played havoc with electricity supplies and tied up barge traffic in the shallow rivers.

The area recorded just slightly more than 4 inches of precipitation during April, May and June, making it the second-driest spring since the landmark drought of 1914.

Heat of 100-plus degrees arrived in June and reared its ugly head many times in July and August. The National Weather Service said it was the seventh-hottest summer since it started keeping records in 1870.

"It's a summer we'll never forget," said Robert Hamilton of the National Weather Service.

GIVE THE GIFT OF LIFE — GIVE BLOOD

Did you know . . . ?

*If you are at least 17 years of age, weigh a minimum of 110 lbs. and are in good health, you are a potential blood donor.

*There is absolute NO possible way you can get AIDS from donating blood. **WON'T YOU GIVE AN HOUR OF YOUR TIME AND HELP SAVE A LIFE!**

Alton High School took five hours to donate blood. The spring Blood Drive was held on March 9, 1989 in the girl's gym. The drive started at 9am and it ended around 2pm.

Let's Face It, Money Talks!

We want and we owe, so it's off to work we go!

Why else would the majority of AHS students work? Sure, many students like their jobs, but why work if you don't have to? We do have to, that's why cars, clothes, entertainment, and money for our futures are just some of the things we all need to get started in life. Work also gives us experience and shows us how to be responsible. It's good for us, even if we should be relaxing and enjoying our high school years. Besides, we all need money to really enjoy these years!

PIZZA IN CARDBOARD REPLACED

"Mamma Mia! Let's go to Itza Pizza!" Where? The AHS cafeteria! A special pizza parlor, complete with red-checkered tablecloths has been set up in one corner of the cafeteria. There students and teachers can order freshly-made pepperoni or sausage pizzas and a choice of beverages such as lemonade, Kool-Aid, or milk.

The pizza parlor is only one of the changes made this year by the school district's new cafeteria management service. Manager Beverly Joyce said that improvements were made to draw more students to the cafeteria.

Other new features include a Salad and Deli bar, an Esta Fiesta bar, a Cafe Features bar, and a Grill Works bar. According to Ms. Joyce, these bars give students a wider range of variety. She said sales have increased.

How do students feel about the changes? Senior Alison Elliot commented that she enjoys the food and doesn't hate to go to lunch. A new student at AHS, Melody Philis, said that in Michigan, the food wasn't nearly the quality of the food here. Senior Kim Isom stated, "I think the pizza tastes a lot better, because it tastes like Pantera's." by Tammy Buchanan and Lemonydue White.

A New Congressman

At the start of 1988 everyone knew the 21st Congressional District would have a new representative by the year's end. Rep. Melvin Price, D-Belleville, had already announced he would retire at the end of his term, and four Democrats and one Republican were already fighting for the chance to succeed the 44-year incumbent.

What no one expected was that Price would die in April, making a special election necessary to fill his post for the few months before the general election.

In the Aug. 9 special election, Jerry Costello won by fewer than 2,000 votes. But in November he widened the margin and settled in as the 21st District's first new congressman in 44 years.

BLACK HISTORY ON THE MAKING

Black history was made at Alton High when two very successful black Americans, Rev. Jesse Jackson and Mayor of Atlanta, Andrew Young, visited the high school and presented speeches to a group of students and faculty. They encouraged the students to say no to drugs, alcohol, and sex and to say yes to education and hope. Rev. Jackson said, "Say No to dope and Yes to hope." Both of them offered the students positive goals to conquer and boldly stressed that they strive for success.

Jason Robertson Goes To School

When Jason Robertson walked into South Roxana Elementary School Sept. 29 it was not just another first day of school. That's because the smiling 8-year-old with the backpack full of school supplies has the AIDS virus.

Jason and his family first gained attention last year, when a state program offering blood for hemophiliacs was cut, threatening the transfusions he required. The program was eventually restored, but soon there after the family revealed that Jason had been exposed to the AIDS virus through a transfusion.

Jason and his classmates grew to accept each other.

'Early Birds' Get Head Start

Would you believe that while you are sleeping, approximately 150 students are already hitting the books?

It's true! This year students can take American Government, Biology-I Honors, Geometry I Honors, and Physical Education at 7:30 a.m.

According to Mr. Marvin Mondy, biology teacher, early classes catch the students before they're "burned out." Students in early classes seem to be more alert than those students taking the same class later in the day, he commented.

Mr. Howard Shaw, American Government teacher, stated, "I like the 7:30 class, because I can get out in time to do a little deer hunting after school."

What about the students who are in the early classes? Amy Sholar, junior, said, "I like 7:30 P.E. better because you get it out of the way, and the class is smaller."

FOR SENIORS ONLY!

SENIOR YEAR

Cramming for finals,
Making the grade,
Thinking about decisions
That have to be made.

Strutting around
Like we own the school
Skipping classes,
Stretching the rules.

Planning grad parties
And just having fun
Beating all the odds,
Getting term papers done.

Sending announcements,
Turning eighteen,
Thinking of college,
Following dreams.

Accepting diplomas
With relief and pride,
Moving tassels
To the other side.

Looking back,
Remembering the years,
Leaving for college,
Shedding some tears.

Trying to grow up
Yet wanting to stay young,
Losing time for things
That we wanted done.

Saying good-bye to
Childhood friends
As senior year
Comes to an end.

A Great Comeback

Well, they did it. They made an outstanding comeback. They beat the volleyball team.

On Monday, November 14, the boys' varsity soccer team faced the girls' varsity volleyball team in a rough 'n tough volleyball game.

The excitement filled the air when the soccer team won the first set. However, the volleyball team wasn't going to give up that easy. They fought hard and won the second set. The soccer team was determined to win the match after that loss. It was a long and hard battle, and it proved to be the sweetest victory for the soccer team of the year. They won the last set, giving them the match, and making them the first team in history to beat the volleyball team.

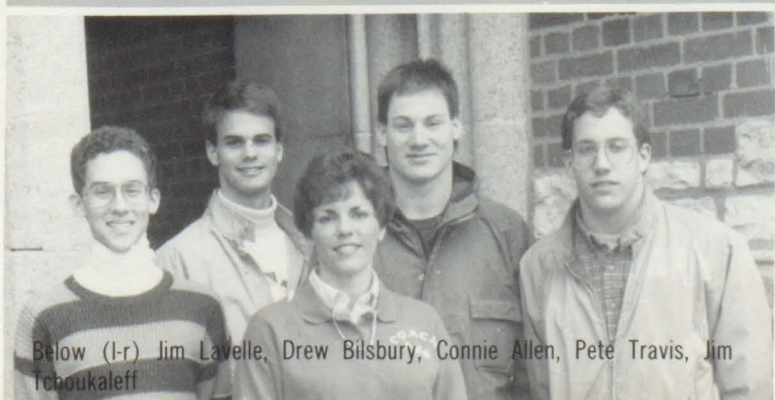

The suspense is overwhelming as to who will win next year's game. We'll be anxiously waiting for the results. Good luck to both teams.

Alton High Athletes Compete In IHSA Swimming

Four swimmers represented Alton High School on February 18th in Springfield at the High School Sectional Swim Meet. Pete Travis, Jim Lavelle, Jim Tchoukaleff and Drew Bilsbury teamed up in the Medley Relay which finished fourth. All four swimmers competed in two individual events. Jim Tchoukaleff and Pete Travis advanced to the State Final Swim Meet held on February 24, 25 1989 in Evanston, Illinois. Jim competed in the 100 yd. Breaststroke and placed 15th out of 29 swimmers. Pete competed in the 100 yd. Freestyle and placed 13th out of 32 swimmers. These swimmers are sponsored by Summers-Port Swim Coach Connie Allen.

JUNIORS ENJOY PRIVILEGE

Lunch provides a whole different meaning as one's junior year rolls around. The upper classmen of Alton High receive the privilege of an entire hour for lunch. The cafeteria becomes obsolete for most of us. McDonalds, Rax, and the Beltline chain of fast food joints beckons for students to come enjoy their healthy meals. I must admit that going to these places has put a hole in my parent's pockets, but it's worth it, isn't it? Sure it is. There is no substitution for a good old super size bag of french fries.

If the designated driver returns to the pit early enough, parking is no problem, and we get to see the famous senior pit ball "studs" of 5th hour lunch. They play a hard, tough game of serving, smacking, and diving for a tennis ball while cautiously observing the boundary lines. An hour for lunch also gives one the opportunity of catching up on homework or cramming for the test you forgot about. Any person who has ever tried to rid Alton High of an open campus surely does not realize how much we upper classmen appreciate and love this privilege.

Becky Blaske interrupts this game of pitball by driving through to find a place to park.

REAL LIFE SITUATIONS

Of course everyone wants their driver's license, but it is really worth it to go six hours of behind the wheel to get it (twelve hours more if there are three people in the car).

When students are asked what goes through their heads as they cross the Clark Bridge or drive on the Beltline, one answer constantly shows up: DEATH.

Think back to auto safety class. Remember the films, "Highway of Agony", and "Blood on the Sidewalk"? For some students the films were funny, but for most a slow fear of death began to surface. Some people enjoyed seeing bodies cut in half, but for NORMAL people these films were scary.

Driving is fun, and having a license is great, but the films were shown for a reason. When driving, many people had second thoughts about "Putting the pedal to the medal" after seeing the films. They realize the consequences of their actions if they break the rules, even though most would rather not. As driving instructor, Mr. Iman, always says, "Drive like lightning, crash like thunder!"

Sophenya Jones reacts to Craig Ivester's predicament.

Do you need to buy a parking sticker, tickets for Prom, or need to see your counselor? Maybe you need change for a dollar, a hamburger to take to the office you run for, or you spill something in the hall and you need someone to clean it up. These are just a few of the things that our secretaries, cafeteria workers, and janitors take care of during the day. We sometimes forget the importance of these people, but they are all very important to keep this school in order. Our secretaries, cafeteria workers, and janitors are the behind-the-scene-people who help make this school a better place for everyone.

A CLOSING LOOK

ALTON. The home of Alton Senior High School, a place where good friends and opportunities are made. AHS is also a place where your happiest memories will live on forever. As another year comes to a close we try to remember all the times we spent trying to make these years our best. From freshmen to seniors, Alton High School molds the students of today into the adults of tomorrow, making them ready to run our world.

Top: Shondus Lovett, Joe Anderson, Travis Jones and Toby Gray showing their enthusiasm while watching and AHS basketball game.
Above: Todd Morales, 1989 Class Partier, shows how hard he can party.

Top right: AHS, a place where good times last and you always remember that "Once in a lifetime friend."

Mr. Wolke spends most of his time at school either teaching or socializing with AHS students. With him are seniors, Cindy Howell and Theresa Besaw during one of his free periods.

What Will You Remember About AHS 10 Years From Now?

Saturday Morning Detentions! - Chris Kelley-10

The thought of saying good-bye to a place where I really grew up. - Jennifer Murray-12

Being declared winner of "Class Partier" of the class of 1989. - Todd Morales-12

My Algebra 2 teacher - he was one teacher I actually learned from. (Mr. Wolke) - Missy Goeken-12

All the things I've learned about friends - good friends! - Terri Sue Corona-11

Mr. Boley's basic design class. - Layla Clark-9

Pit Parking! - Amy Walter-12

As my only work experience was working in a meat market . . . I had visions of perhaps owning a store or being a breeder of fine beef cattle. - Mr. Phelps

All the wild parties! - Kate Mench-9

Teachers that actually care about their students enough to take time out of their schedule to listen to a student having personal problems. Thanks Dr. Beard! - Becky Black-12

The handsome and lovable senior who made my junior year so happy, that now I can honestly say, "I've had the time of my life!" - Tiffany Schneider-11

All the great classes that have made me what I am today. - Mike Fowler-12

I will remember the good times and try not to dwell on the bad, but I could never forget the "Once in a lifetime" friends I've had. - Bethany Bottens-10

Mr. Phelps preparing for another routine class day.

Baby Of The Year!

Terrell Brinkman

*How little we were
years ago.
Such tiny fingers
and tiny toes.*

*So small and cute
In our own little
ways.
So very care free
In those early days.*

*We've grown so much
since our "baby"
stage.
Yet, pictures have
saved
our early age.*

The 1989 Tatler was produced by the Alton High School yearbook staff. The theme, "A Closer Look," was conceived in a group effort by members of the staff.

Jostens American Yearbook Company of Topeka, Kansas printed 1,300 copies of the 256 page Tatler.

The cover is laminated with custom art design. The colors on the cover consist of Black 395, Rich Red 199, and Navy 540. The cover was done by a group of staff members while attending the Quincy Yearbook Workshop held at Quincy College in Quincy, IL.

Body Copy is 10 pt., captions are 8 pt., headlines are 60 pt., and subheadlines are 18 pt. The book paper is gloss finish and the end sheets are sterling silver 420.

Candid photographs were staff produced with contributions from Hal Wagner Studio.
